N.Y. STATE RACING & WAGERING BOARD

1990 ANNUAL REPORT

Richard F. Corbisiero, Jr.

Chairman of the Board

Bennett Liebman

Member

Joseph P. Neglia

Member

The New York State Racing & Wagering Board has general jurisdiction over all horse racing activities and all pari-mutuel betting activities, both on-track and off-track, in the State of New York and over the corporations, associations and persons engaged therein. The Board also regulates the conduct of bingo games and games of chance by authorized non-profit organizations.

The Board consists of three members appointed for six-year terms by the Governor, with the advice and consent of the Senate. Not more than two of the members shall belong to the same political party. The Governor designates one of the members as Chairman of the Board, who is Chief Executive Officer.

STATE OF NEW YORK
NEW YORK STATE RACING AND WAGERING BOARD

MEMBERS

Richard F. Corbisiero, Jr.
Chairman

Bennett Liebman
Joseph P. Neglia

400 Broome Street
New York, N.Y. 10013
(212) 219-4230

To the Honorable Mario M. Cuomo, Governor

The New York State Racing and Wagering Board is pleased to submit to you its eighteenth annual report in accordance with Chapter 346 of the Laws of 1973.

The racing and wagering industry generated substantial revenues for state and local governments and maintained its lead position in total pari-mutuel handle in the country.

The Board's commitment to the integrity of the sport, the support of New York's breeding industry and vigilant regulation of racing and wagering systems will insure public confidence and generate the cooperation needed in the industry in the decade ahead.

The following documents the Board's progress for the year 1990.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Richard F. Corbisiero, Jr."
Richard F. Corbisiero, Jr.
Chairman

HIGHLIGHTS

In 1990, the State of New York hosted 1,658 days of racing (Thoroughbred and Harness) resulting in a combined handle of on and off track wagers totalling \$3,326,000,805. This was again a decrease from the previous year.

As in previous years, the on track handle continued to decline. The on-track handle of \$1,402,293,289 was 2.53% below the 1989 figures. The 1990 off-track figure of \$1,923,707,516 was .18% above the previous year.

THOROUGHBRED AND HARNESS RACING COMBINED

	1990	1989
Number of Racing Days	1,658	1,681
Attendance	7,769,186	8,107,897

Purses Paid to Horsemen	\$ 164,650,261	\$ 157,535,079
Admission Taxes to Towns Cities and Counties	\$ 895,966	\$ 1,001,189

LEGAL ACTIVITIES

Among the significant court decisions which resulted in 1990 from challenges to Board actions or determinations were:

Ceraso v. Corbisiero
Ehrhart v. Corbisiero
Unger v. Corbisiero
Truitt v. Corbisiero

In this series of cases which challenged

pre-hearing suspensions of harness trainers' licenses after detection of a controlled substance in the post-race urine of their horses, the Supreme Court, New York county rejected federal and state constitutional claims and reaffirmed the authority of the Board to impose interim suspensions based upon detection of the drug and presumption of trainer's responsibility.

Mitchell v. NYSRWB

The Appellate Division, First Department

unanimously confirmed the Board's suspension of a veterinarian's license who had prescribed and dispensed a drug for administration in violation of the Board's drug rule. The Court rejected claims that the conduct involved was a mere error which did not cause harm and that the penalty of the suspension was too harsh.

Ontario County v. Capital District Regional Off-Track Betting Corporation

The Appellate Division, Third Department affirmed a lower court judgment which upheld the Board's determination regarding the amount of the County's surcharge revenue distribution. A challenge to the Board's interpretation of Section 532(3) (b) was rejected. The Court noted that the Board's interpretation of the statute is entitled to judicial deference and should be upheld if not irrational or unreasonable.

RULES AND REGULATIONS

The Board promulgated various amendments to the rules and regulations governing racing. These rules reflect the Board's continuing commitment to the preservation of safety and integrity, changes in statutory requirements, and technological changes. Among the rule changes were adoption of rules governing adjudicatory hearings, consistent with Executive order No. 131, a rule providing for implementation of the surcharge for off-track betting capital improvements, rules governing the posting of racing results at off-track betting facilities, rules for the determination of the order of finish at harness tracks where a noncontinuous hub rail is employed and rules for exotic wagering.

Additionally, public hearings were held regarding a rule addressing the types of sulkies to be permitted in harness racing and the Board's Administrative Adjudicatory Plan.

LICENSING

All participants in racing in New York State are required to obtain occupational licenses which have been issued on a calendar year basis for one or three years. Three year licensing is for occupational categories: Owners, Trainers, Drivers, Jockeys. This program was established to enhance the licensing process of individuals who were licensed the previous year.

In 1990, a total of 6,992 licenses were issued for participants at six harness tracks (Buffalo, Batavia, Monticello, Saratoga, Vernon Downs, Yonkers and Syracuse Mile).

In Thoroughbred racing, there were 7,068 licenses issued for racing at Aqueduct, Belmont, Saratoga and Finger Lakes.

A total of 14,060 were issued for the year, the reduction from the previous year was caused by the 3-year process.

Fingerprints processed totalled 11,533 Federal and State, of this 4,658 were Federal and 6,875 were State prints.

In the Thoroughbred Division, there were 49 suspensions causing 889 days of suspension and 158 fines for a total of 15,480 racing violations.

In Harness racing, there 516 suspensions resulting in 4,661 days of suspensions and 525 fines for a total of

41,550.

For 1990, the Investigations Unit handled 1,676 cases in all areas of questionable racing activities, i.e., race fixing, hidden ownership, equine and human drug usage, insurance scams, Organized Crime interests, OTB, concessionaires and others.

One activity conducted by this Board in order to maintain the integrity of racing is the pre and post-race equine drug testing program, probably the most comprehensive in the United States. Our rules require that all racing horses at the tracks undergo pre-race blood testing and a number of them are subjected to post-race urine and blood testing.

	RACE DAYS	NO. OF PRE-RACE	NO. OF POST-RACE BLOOD	NO. OF POST-RACE URINE	TOTAL SAMPLES TESTED
Standardbred	1,185	101,787	40,782	35,953	178,522
Thoroughbred	488	40,554	14,759	14,284	69,597
Totals	1,673	142,341	55,541	50,237	248,119

FINANCIAL AUDITS

Annual audits of all licensed harness harness tracks and the Finger Lakes thoroughbred track are performed by staff accountants.

Field audits of 1989 racing operations were completed for Batavia Downs, Buffalo Raceway, Monticello Raceway, Saratoga Raceway, Vernon Downs, Yonkers Raceway and Finger Lakes Race Track.

Special audits were also conducted at the above tracks in connection with their applications to withdraw monies from their capital improvement funds, except Yonkers Raceway which does not have a fund.

A special audit was conducted of the records of the Finger Lakes Division of the Horsemen's Benevolent and Protective Association with regard to the one percent of purses withheld for payment to the horsemen's organization pursuant to Section 221 of the racing law.

TRACK CAPITAL IMPROVEMENT FUNDS

Sections 228-a and 319 of the Racing, Pari-Mutuel Wagering and Breeding Law permit certain tracks to elect to withhold an additional 1% from regular and multiple pools from on-track betting to be used exclusively for capital improvements. In addition, Section 527 requires the regional OTB corporations to retain a similar 1% from such off-track betting pools for tracks

electing to withhold on-track, of which one half is paid to the tracks to be used exclusively for capital improvements; and the remaining one half is retained by each regional corporation for its own corporate purposes.

All tracks entitled to make the election have made it. The pari-mutuel takeout at such tracks is 18% instead of 17% from regular betting pools and 20%

instead of 19% from multiple betting pools. The track association commission revenues derived from on-track betting and off-track betting for capital improvement additions are included, but not identified separately, in the accompanying charts as part of the total and association shares of commissions. The capital improvement commissions are indicated separately below as determined by Racing Board calculations.

CAPITAL IMPROVEMENT COMMISSIONS 1990

<u>TRACK</u>	<u>ON-TRACK</u>	<u>OFF-TRACK</u>	<u>1990 TOTALS</u>	<u>1989 TOTALS</u>

SIMULCASTING OPERATIONS BY OFF - T R A C K B E T T I N G C O R P O R A T I O N S A N D RACE T R A C K S D U R I N G 1990

During 1990, the sixth full year of the simulcast experiment, each of the State's race tracks (with the exception of Vernon Downs, Monticello Raceway and the Syracuse Mile) made a simulcast signal of its races available to some or all of the State's six off-track betting corporations. Nine of the State's eleven race tracks also were receiving tracks for simulcast signals.

The simulcasting of NYRA races was continued by Yonkers (for an abbreviated 167 days), Saratoga Raceway (for 287 days), Finger Lakes (for 110 days), Vernon Downs (for 112 days) and Monticello Raceway (for 89 days), as well as Aqueduct's simulcasting of the 24-day Saratoga meet. In addition, Monticello Raceway began simulcasting races from NYRA (for 89 days) and NYRA tried a limited experiment simulcasting Belmont's races to Aqueduct, which they discontinued after 18 days, claiming unsatisfactory results. Batavia Downs tried simulcasting of Finger Lakes

races (dropped after 20 days), NYRA races (for 23 days) and Buffalo Raceway races (for 63 nights). In addition, Buffalo Raceway simulcast Batavia Downs' races (for 40 nights) and Vernon Downs continued its day-night simulcasting with Yonkers' races at night (for 112 nights).

Simulcasting of in-state races by all off-track betting corporations continued on races from NYRA, Finger Lakes and Yonkers Raceway. Capital OTB continued to simulcast Saratoga Raceway races and simulcasting of Batavia Downs and Buffalo Raceway's harness races took place in the Capital and Western Regions.

In 1990, the combined statewide on and off-track handle for all tracks fell by \$36 million (1%), compared to 1989. On-track harness handle fell by over 8%. Total off-track handle held almost even to 1989's level. Total simulcast handle, however, continued to rise. During 1990, 37% of the State's total betting handle was wagered at simulcast facilities compared to 36.8% in 1989.

A total of 185 simulcast facility licenses were issued in 1990, eight more than in 1989. Eight were issued to race tracks (Aqueduct, Yonkers Raceway, Saratoga Raceway, Monticello Raceway, Batavia Downs, Buffalo Raceway, Vernon Downs and Finger Lakes), five to simulcast theaters (two in New York City, one each in Albany and Hauppauge and a new license to a hotel, Friar Tuck Inn, in Catskill, New York) and 173 to off-track betting branches throughout the State. Collectively, these facilities conducted 822 simulcast operations. Yonkers simulcasts of NYRA's races ceased in

February because of Catskill OTB Corporation's veto, not to begin again until July. On July 1, all simulcasting ceased because of the sunsetting of the experimental statute. It began July 2 with the enactment of the Laws of 1990, Chapter 346.

The Racing Law establishes three distinct classifications of simulcast facilities. Total simulcast handle during 1990 in each class were; Track to Track, \$128 million (down 21% compared to 1989 because of Yonkers' cessation); OTB Branches, \$950.8 million (down 10.3%) and Simulcast Theaters, \$153.2 million (up 6.2%).

OTB Simulcast handle on both NYRA and Yonkers races declined; 4.8% for NYRA and a dramatic 19.7% for Yonkers. Part of this decline is attributable to the fact that for more than five months, Yonkers did not simulcast into the Catskill region. Finger Lakes, which continued to simulcast statewide on NYRA dark days (usually Tuesdays), and to all OTB regions outside New York City and Nassau County on other days, reported a 10.3% increase in simulcast handle in 1990. Batavia/Buffalo's combined simulcast handle rose by 2.3% in 1990, while Monticello's OTB simulcast handle increased by over 385% (due to a substantial increase in the number of simulcast programs). For the State's other harness track, Saratoga Raceway, OTB, OTB simulcast handle fell by 37% in 1990.

OVERVIEW: PARI-MUTUEL WAGERING ACTIVITIES ON AND OFF-TRACK 1984-1990

Statewide pari-mutuel handle both on and off-track increased by over \$350

million to \$3.3 billion. This is in large part due to the introduction of simulcasting in 1984, principally off-track. The results on-track are not as promising.

On-track thoroughbred racing showed some decline during the period from 1983 to 1990. Total attendance dropped by over 600,000 persons, while handle declined from \$968 million to \$830 million, a decrease of over \$138 million. In accordance with the drop in handle, revenue to state and local governments from thoroughbred racing on-track also declined slightly. The thoroughbred industry has successfully utilized simulcasting (particularly track to track simulcasting) to recoup some of its losses. In 1990, the New York Racing Association and Finger Lakes Race Track's in-state track to track simulcasts generated handle of over \$124 million. When included in the on-track thoroughbred handle, 1990's total rose by some \$74 million compared to 1983.

The State's harness industry has not shown the ability to maintain its financial position, despite the innovative concept of simulcasting or the additional tax relief legislation which has been in place during most of this period. The State saw one harness track, Roosevelt Raceway, close its doors in 1988, while the other tracks continue in steep decline. Despite an increase of more than 40 racing programs in 1990 (over 1983), attendance fell by over two and a quarter million people, while handle dropped over \$250 million. In this sector, the decline in other indicators, such as State revenue, is clear. for example, in 1983, New York State received over \$34 million in pari-mutuel tax revenues from the harness tracks; in 1990 the State received only

\$5.7 million from the pari-mutuel tax on harness racing. This reflects both a decline in harness handle, as well as a reduction in the pari-mutuel tax rates. The Board does not foresee any indication that business may increase in the future.

Off-track betting conducted by six public benefit corporations, saw significant benefits as a result of simulcasting, begun in 1984. In comparing the year 1983 (pre-simulcasting) with 1990, one can see the results: handle increased by more than \$340 million so that in 1990 off-track's total handle of \$1.9 billion exceeded the combined statewide on-track handle for all tracks by over \$518 million. In addition, off-track betting provides significant sources of revenue for the local governments (\$101 million), the race tracks (\$108.3 million), the State (\$28.9 million) and the breeding fund (\$11.5 million). With over 260 branches, more than half of which simulcast races and some of which are enhanced facilities offering additional amenities and services, OTB's handles has continued to rise.

Despite its problems, the horse racing and breeding industry remains a significant component in the State's economic scheme. The industry provides tens of thousands of jobs statewide.

It ranges from veterinarians to grooms on-track, clerks and technicians off-track, managers and farm help at the breeding sheds, as well as many outside vendors and suppliers. In addition, it has been and continues to be an essential part of each area's local economy, often providing a key element in maintaining the vitality of communities.

ASSESSMENT OF RESULTS

During the experimental simulcasting period (1984-1990), there has been no real growth. While annual total handle has risen \$174 million to \$3.3 billion, that is an increase of only 5.5%, well below the rate of inflation and represents a substantial loss in "real dollars".

As was to be expected, on-track handles declined over the period by \$298 million to \$1.274 billion (only partially offset by track to track handle increases of \$128 million) with harness tracks' handle falling an alarming 43%.

Off-track betting, which would have been expected to benefit substantially from simulcasting, did rise \$341 million to \$1.924 billion for the period, but its rate of rise (21%) over the six years was also a loss in "real dollars" for the period.

What trend, if any, emerged during the six years indicated a shift of night harness racing handle to daytime simulcast thoroughbred handle and, to a lesser extent, to harness handle at OTB facilities. On-track harness handle declined \$209 million during the six-year period. Track to track thoroughbred simulcasting at harness tracks, however, grew by \$90 million, and off-track betting on harness races increased only \$12 million.

Yonkers/Roosevelt Raceways' total on-track handle in 1984 was \$162 million greater than the now sole Yonkers' operation in 1990, while NYRA simulcasts at Yonkers attracted \$56 million in a curtailed 1990 and

off-track betting actually declined by \$1 million.

Saratoga Raceway lost \$18 million in on-track harness handle during the period, but gained \$20 million in NYRA track to track simulcast handle and only held even in OTB handle.

One other notable event was the dramatic growth in the Finger Lakes thoroughbred off-track handle from the simulcasting of its races to a statewide OTB audience on Tuesdays and to regions outside New York City and Nassau County on other days. For the period, Finger Lakes off-track handle increased \$77 million (an increase of 179%!). On dark days, Finger Lakes competed not only with out-of-state thoroughbred tracks, but also against metropolitan harness tracks which conducted afternoon racing.

The Finger Lakes results seem to have been the only statistics which met the optimistic predictions for simulcasting.

While simulcasting as a growth generator was disappointing, it still may have stemmed substantial erosion of the pari-mutuel betting dollar. For the five years before simulcasting, total handle grew only \$49 million (4.4%) and off-track only increasing \$120 million (8.2%). During the simulcasting experiment (1984-1990), total handle increased \$174 million (5.5%), declining \$169 million (11%) on-track and increasing \$334 million (21%) off-track.

BINGO

Games conducted this year produced gross receipts of \$185,118,961 according

to reports by the 2547 authorized organizations.

Net profits to the participating organizations was \$49,865,362 and revenue to the municipalities was \$2,576,801. During the year 16,970,563 persons played in 122,002 occasions.

The license fee for the conduct of an occasion of bingo is \$18.75, of which \$11.25 is remitted to the State and \$7.50 retained by the licensing municipality. Participating organizations are also required to pay an additional license fee of 3% of net profit which is retained wholly by the municipality for the enforcement of the applicable bingo laws and rules.

The State received \$1,508,664 bingo fees this year, including the license fees collected from qualified suppliers of equipment which amounted to \$27,405 and 50% of the fees charged to the licensed lessors of bingo premises. The supplier's fee, which is retained wholly by the State, is determined at \$25 plus a statutory schedule based upon the supplier's gross sales.

During the year, 60 new identification numbers were issued raising the total of such numbers issued since the inception of legalized bingo in 1958 to 7,871. The numbers were issued by the Board to organizations in the municipalities which have enacted local laws or ordinances permitting the conduct of bingo on a local option basis.

In addition, the Board issued identification numbers to 12 qualifying senior citizens organizations. There were no hotel bingo identification numbers issued the year. The Board also must

approve maximum rentals chargeable by licensed lessors and the expenditure of bingo funds by organizations as well as hearing appeals relating to municipal determinations.

GAMES OF CHANCE

Gross receipts of the 1065 organizations conducting regular licensed games of chance in 1990 amounted to \$4,631,884. Net profits were \$3,363,375.

The Board is empowered to issue identification numbers to authorized organizations, to approve the expenditure of funds derived from the conduct of games of chance and license the suppliers of the equipment of such games. Since the program's inception, 3,846 games of chance identification numbers have been issued an increase of 301 for the year.

Municipalities are required to pass local laws or ordinances permitting games of chance license periods on a local option basis and mandatory referendum.

Authorized organizations pay a fee of \$25 for each license of which \$15 goes to the State and \$10 to the licensing municipality. The State realized \$62,130 in such fees which include \$19,890 collected for bell jar licenses.

Licensed lessor organizations are assessed a fee of \$50 for each licensed period which is divided equally between the State and the licensing municipality.

The law also provides for an additional license fee, established by the Board at 5% of the organizations net

profits, to be used by the municipalities for the enforcement of applicable laws and rules. This fee is retained wholly by the municipality and amounted to \$180,127.

The suppliers fee, payable to and retained by the State, has been established at \$25 plus 2% of the suppliers gross sales or rentals. The State received \$131,443 in games of chance fees from qualified suppliers of equipment and supplies.

This year was the second full year regarding the licensing of organizations for the sale of bell jar and similar type tickets. Net profits earned by the 1,326 organizations licensed to conduct such games amounted to \$15,217,657. The organizations are required to pay a \$25 fee for an annual license and an additional license fee of 2% of its net profits from such sales to be submitted with its quarterly reporting form. Additional license fees amounted to \$313,968.

- (A) Revenue to New York State from Connecticut OTB is for Harness Racing only. Beginning on July 1, 1983, revenues from wagering on NYRA races went to the Capital Construction Fund rather than to New York State.
- (B) Other on-track revenue to New York State includes Track and Occupational License fees, Fingerprint Identification fees and Fines Assessed.

(A) Take-out at N.Y.R.A. tracks, and at all inter-track simulcasts of N.Y.R.A., was 17% of regular and multiple pools. At Yonkers it was 17% of regular and 19% of multiple pools. At all other harness tracks and at Finger Lakes, take-out was 18% of regular and 20% of multiple pools. Take-out on exotic pools was 25%, and on super-exotic it was 25% at N.Y.R.A. and 36% at all other tracks.

(B) Take-out and Breakage to the State is shown before deduction of the various credits on "Summary of Statutory Tax credits to the Tracks".

(C) Net Take-out and Breakage to Associations reflects deduction for minus pool amounting to \$366,190 and inclusion of statutory purse amounts of 1 3/4% of handle at all harness tracks except Yonkers, and of 1% of handle at Finger Lakes.

SUMMARY OF STATUTORY TAX CREDITS
TO TRACKS FROM NEW YORK STATE

<u>TRACK</u>	<u>1990</u>	<u>1989</u>
<u>OTB SIMULCAST CREDITS (A)</u>		
Finger Lakes Race Track	\$ 424,250	\$ 456,8
Yonkers Raceway	2,317,347	2,860,3
Saratoga Raceway	60,067	66,1
Batavia Downs Raceway	152,764	174,9
Buffalo Raceway	167,032	208,7
Monticello Raceway	<u>62,761</u>	<u>19,7</u>
Total OTB Simulcast Credits	<u>\$ 3,184,221</u>	<u>\$ 3,786,8</u>
Total Pari-Mutuel Revenue to Tracks (B)	\$ 203,812,748	\$ 209,834,3
Plus Credits	<u>3,184,221</u>	<u>3,786,8</u>
Net Pari-Mutuel Revenue to Tracks After Credits	<u>\$ 206,996,969</u>	<u>\$ 213,621,2</u>
Total Pari-Mutuel Revenue to State (B)	\$ 53,520,010	\$ 52,768,7
Less Credits	<u>(3,184,221)</u>	<u>(3,786,8)</u>
Net Pari-Mutuel Revenue to New York State After Credits	<u>\$ 50,335,789</u>	<u>\$ 48,981,9</u>

(A) Pursuant to Section 228 (Finger Lakes) and 318 (Harness Tracks) of Racing, Pari-Mutuel Wagering and Breeding Law; effective July 1, 1989. (Paid on a daily basis as earned.)

(B) See attached.

RATIO OF BREAKAGE HANDLE	0.53%	0.47%	0.43%	0.46%

(1) Breakage was distributed at NYRA tracks: 80% to NYRA & 20% to State; except at pools simulcasting NYRA races, breakage was 90% to track & 10% to State.

At Finger Lakes, it was 45% to track and 55% to State, except for Finger Lakes Super Exotic Pools, it was 50% each to track & State.

(J) Franchise fee is estimated by Tax Department pending audit. For 1989, audited franchise fee was zero.

(K) Thoroughbred Breeder's Fund receives 1/2% of handle; except it receives 3% of Finger Lakes Super Exotic handle.

(A) Pick -4 was conducted at a total of 531 programs (352 at Yankers, none held on 6/18; and 179 at Saratoga).

(B) Not included in totals.

(C) Take-out on regular race pools at Yankers. It was 18% at all other harness tracks. For multiple pools, take-out was 19% at Yankers and 20% at all other harness tracks. Take-out on exotic pools (Trifecta and Pick-4) was 26% at all tracks.

(D) Breakage is distributed 50% to state and 50% to tracks for on-track racing. For track to track simulcasts it is distributed 10% to state and 90% to track.

(E) The Harness Horse Breeders Fund received a share of take-out. On regular, multiple and exotic handles it was 1%.

TAKEOUT DISTRIBUTIONS FOR TRACK TO TRACK SIMULCASTS

Section 1007 of the racing law specifies that the takeout percentages from simulcast betting pools shall be the same as those applicable to the sending track (the track holding the race).

However, the pari-mutuel tax rates are different 2% of regular wagers, 2 and 1/2% of multiple wagers, and 7% of exotic and super exotic wagers, plus 10% of the breaks; or the pari-mutuel tax rates in effect at the receiving track (where the betting takes place), plus 10% of the breaks, if lower than these rates. The taxes listed above for on-track handles are presently the lower rates for all receiving tracks (Finger Lakes has no super exotic pools) except for NYRA simulcasts to its own tracks.

The receiving tracks are also obligated to pay 1% of the pools on harness races or 1/2% of the pools on thoroughbred races to the appropriate breeding fund. Of the sums retained by a receiving track, after payment of the pari-mutuel taxes and breeder fund shares, an amount as determined by agreement is payable to the sending track. The 1% allocations for capital improvements do not apply to track to track simulcasts.

SHARING PERCENTAGES OF BREAKS (ODD CENTS OVER MULTIPLES OF 10 FOR REGULAR/MULTIPLE, OR 50 FOR EXOTIC, \$1 FOR SUPER-EXOTIC)

	<u>State Tax</u>	<u>Track Retention Before Minus Pools And Purses</u>
NYRA	20%	80%
Finger Lakes	55%	45%
Harness Tracks	50%	50%
Track To Track Simulcasts	10%	90%

Pursuant to Section 301.4, NYRA has elected to reduce the takeout on super-exotic bets to 25%, resulting in taxes and distributions at the same rates as for exotic bets.

*Pursuant to Board rules, for all tracks except NYRA, 2% of super-exotic takeouts are accumulated and must be returned to the bettors in guaranteed prizes or in the final payoff of the meeting. Accordingly, the "effective" takeout is 34%, rather than the initial 36%.

			\$ 2,141,370
			\$ 596,055
			\$17,453,829

NOTE: In addition to basic prescribed percentages of OTB handle, OTB pays this additional 1.25% of regular and multiple handle and 0.75% of exotic OTB handle on NYRA races to NYRA to achieve a purse allocation of 3% and 4% respectively from OTB handle in the region in which NYRA tracks are assigned, somewhat lower in other regions. In the same manner, purses at Finger Lakes are allocated an additional 1.1% and 0.6% respectively of OTB handle to achieve the same 3% and 4% respectively for purses from pools in the district where Finger Lakes is located and somewhat lower elsewhere.

1989	157,194,647	573,791
1990	152,614,950	438,009

¹Track Commission on thoroughbred wagering is 5% of regular handle and 7% of exotic handle up \$100 million of regular handle. When regular handle reached \$100 million, the rates go to 6% of regular handle and 8% of exotic handle. No state tax has been levied on this commission since 7/1/83. Fifty percent of the net revenue to NYRA (after purses of 3%) is allocated to the State Thoroughbred Racing Capital Investment Fund for Capital projects at NYRA tracks. In 1990, the New York State Thoroughbred Racing Capital Investment Fund received \$1,472,215.

²Commenced April 29, 1976.

³State Tax on harness wagering of 1.2% of regular handle plus 3.2% of exotic handle imposed prior to 1988 was declared invalid by the courts. The State Tax Department refunded \$2,290,729 to Yonkers and \$2,615,157 to Roosevelt in 1988. As of April 1, 1988, the tax was reinstated by legislative action at 1.1% of regular and 3.1% of exotic pools on Yonkers/Roosevelt races. Track commission on harness wagering is 5% of regular handle and 7% of exotic handle from which the tax is deducted. Half of the balance must be paid in purses.

NOTE: Due to budget cuts in the State of Connecticut, Department of Revenue Services, Division of Special Revenue, the 1990 format is slightly different from previous years.
