MEETING AND CONVENTION FACILITIES

Proposed Business Center Facilities

Submit as Exhibit VIII.C.8.b. a description of any proposed business center facilities.

Montreign Resort Casino

In addition to the in-room work areas and free Wi-Fi, Montreign Resort Casino provides a 180 square foot business center located proximate to our hotel lobby and the M Centre, Montreign's events and meeting center. The business center provides guests with several workstations for computer use, internet access, printing and access to Montreign's marketing resource programs and guest services.

Montreign does not plan to provide full business center services typical of a large conference center. However, Montreign's trained staff will be available to guide guests and M Centre users to regional locations for printing and copy center services, and assist with arrangements for the delivery of these goods and services.

Indoor Waterpark Lodge

In addition to its Conference and Banquet Center, the Indoor Waterpark Lodge will include a small business center with wireless internet access.
