1988 ANNUAL REPORT

N.Y. STATE RACING & WAGERING BOARD

1988 ANNUAL REPORT

Richard F. Corbisiero, Jr.

Chairman of the Board

Bennett Liebman

Member

Joseph P. Neglia

Member

The New York State Racing & Wagering Board has general jurisdiction over all horse racing activities and all pari-mutuel betting activities, both on-track and off-track, in the State of New York and over the corporations, associations and persons engaged therein. The Board also regulates the conduct of Bingo games and games of chance by authorized non-profit organizations.

The Board consists of three members appointed for six-year terms by the Governor, with the advice and consent of the Senate. Not more than two of the members shall belong to the same political party. The Governor designates one of the members as Chairman of the Board, who is Chief Executive Officer.

STATE OF NEW YORK
NEW YORK STATE RACING AND WAGERING BOARD

400 Broome Street
New York, N. Y. 10013
(212) 219-4230

MEMBERS

Richard F. Corbisiero, Jr.
Chairman

Bennett Liebman
Joseph P. Neglia

To the Honorable Mario M. Cuomo, Governor:

The New York State Racing and Wagering Board is pleased to submit to you its sixteenth annual report in accordance with Chapter 346 of the Laws of 1973.

The racing and wagering industry generated substantial revenues for state and local governments (\$101,439,592.) and maintained its lead position in total pari-mutuel handle (\$3,468,564,419.) in the country.

The Board's commitment to the integrity of the sport, the support of New York's breeding industry and vigilant regulation of racing and wagering systems will insure public confidence and generate the cooperation needed in the industry as we face a new decade.

The following documents the Board's progress for the year 1988.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Richard F. Corbisiero, Jr.", written over a faint, illegible stamp.

Richard F. Corbisiero, Jr.
Chairman

RACING REVENUE HIGHLIGHTS

In 1988, the State of New York hosted 1,665 days of racing (Thoroughbred and Harness) resulting in a combined handle of on and off track wagers totalling \$3,468,564,419. This was a six-tenths of one per cent decrease from the previous year.

As in previous years, the on-track handle continued to decline. The on-track handle of \$1,517,726,971 was 4.0% below the 1987 figure. The off-track handle rose for the third year by 2.2% to \$1,950,837,448.

Thoroughbred racing attendance, handle and revenue

showed slight decreases in 1988. In harness racing the close of Roosevelt Raceway resulted in a dramatic loss to the industry and to state revenues.

Total on-track revenue to the state fell 10.42% below 1987. The seven million dollar revenue reduction was in large part a result of lower pari-mutuel tax rates at Finger Lakes and the harness tracks. These rates were enacted on April 1, 1988.

The off-track revenue to the state increased by 4.02% over the previous year.

REVENUE TO NEW YORK STATE

LEGAL ACTIVITIES

The Counsel's Office sought an opinion of the Attorney General as to whether a director of an off-track betting corporation could serve as an officer or an employee of that corporation. The Attorney General cited the doctrine of compatibility, an established common law doctrine, (i.e., two offices are incompatible if one is subordinate to the other or if there is an inherent inconsistency between the two offices).

Thus, while a director could serve in the dual positions of president and chief executive officer, the Attorney General did not believe that the statutory language would permit a director to serve in any other position of employment with the corporation, since it would evade the natural checks and balances essential to the employer-employee relationship.

Significant litigation concerning the Racing and Wagering Board in 1988:

Adika vs. Corbisiero

The Supreme Court, New York County, reviewed the Board's revocation of a jockey's license after finding that he attempted to bribe a track technician to secure information about the system used to simulcast NYRA races. The court concluded that the Board possessed the power to determine whether the acts charged violated the racing laws and recognized the broad discretion and power granted to the Board.

Bonacorsa vs. Corbisiero

The New York Court of Appeals has affirmed the order of the Appellate Division, First Department, which unanimously upheld the Board's refusal to license Joseph Bonacorsa as a harness horseman. The Court, in interpreting the ex-offender provision of the Correction Law, stated that notwithstanding

the presumption of rehabilitation, the public agency still has the discretion to deny the application after examining the eight factors set forth in Correction Law section 753(1).

Cramer vs. New York State Racing and Wagering Board, et al.

The Appellate Division, Third Department dismissed an Article 78 proceeding which challenged the Steward's decision, resulting from the "Allemeuse" race in Saratoga on August 2, 1986. The Appellate Division reversed the decision of the Supreme Court on the ground that the bettors agreed to abide by the Board's rules (e.g., finality of payoff) by placing their wagers and that "since the Board merely" complied with its own rules of finality in refusing to overturn the Steward's official disqualification of "Allemeuse," its forbearance cannot be characterized as arbitrary and capricious."

Gardner vs. The New York Racing Association

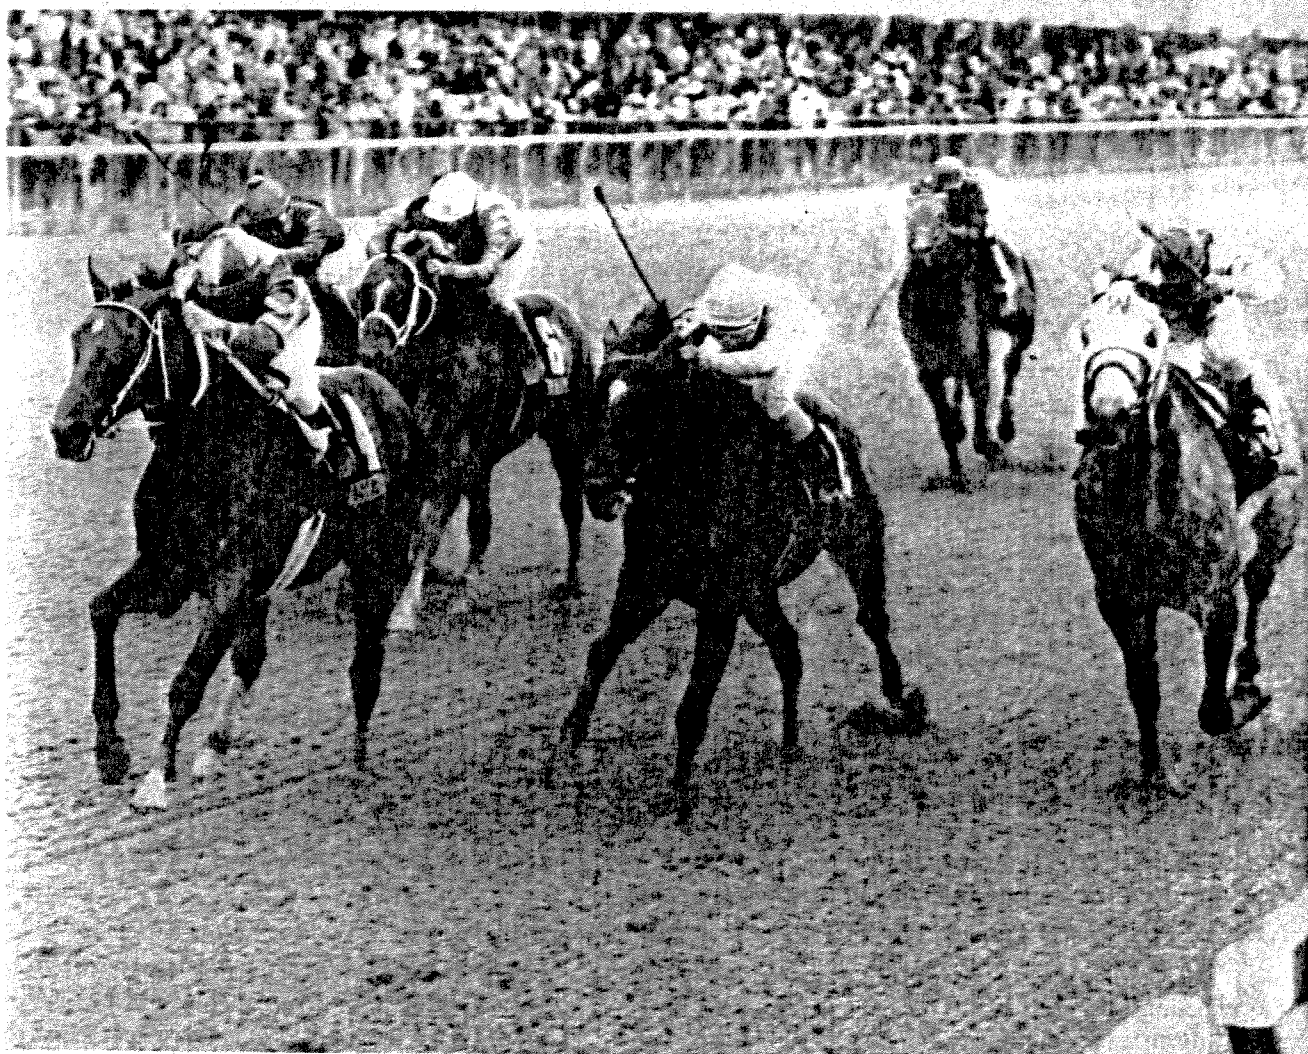

The Appellate Term of the Supreme Court, First Department, on January 8, 1988 held that a decision by the Racing Stewards, albeit mistaken, cannot form the basis for a civil suit because it is a quasijudicial determination.

RULES AND REGULATIONS

Several important amendments to the Board's Rules and Regulations were made during 1988. Rules providing two consolation payoffs in Pick Six pools were enacted. The Board instituted new procedures regarding occupational licenses so that, for the first time, a license can be issued for two or three year periods. The ability to issue a multi-year license will ease the administrative burden for both the Board and licensees.

LICENSING AND INVESTIGATIONS

All participants in racing are required to obtain occupational licenses, issued on an annual basis. A three year licensing program was initiated in 1988 for certain categories, including owners, trainers, jockeys and drivers. It serves persons who were previously licensed and those licensed in a number of states. The three year license has eased administrative burdens in the division.

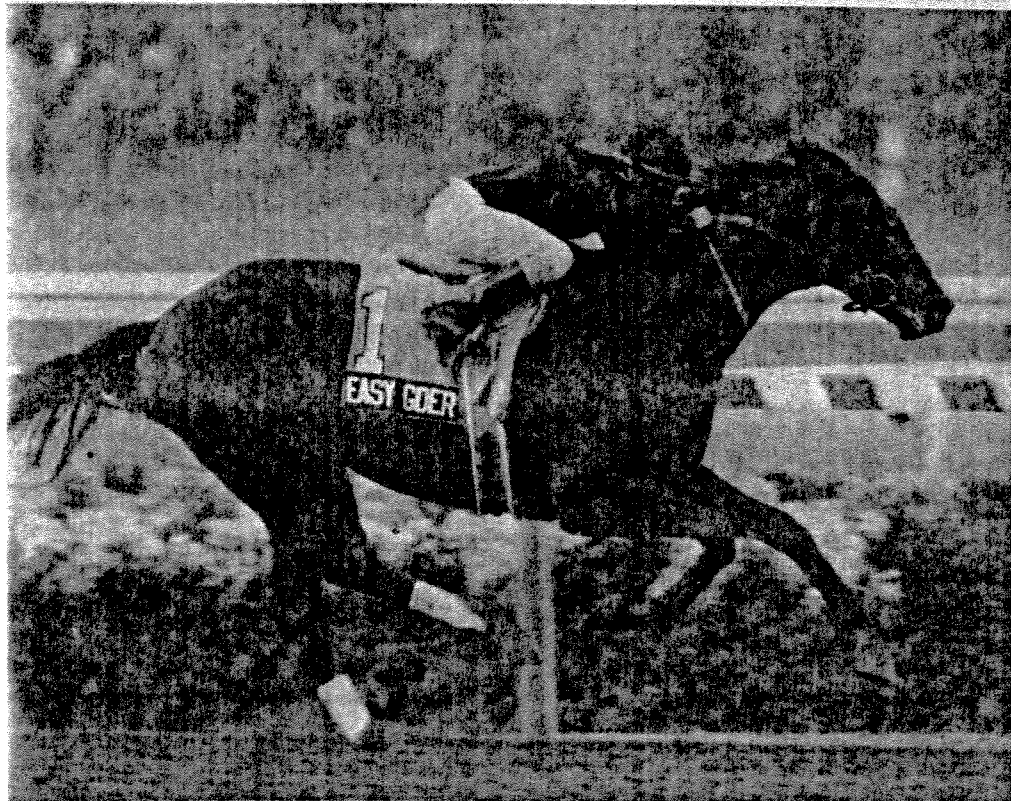

Licenses Issued:

Thoroughbred	13,218
Standardbred	15,314

The Investigations Division handles 1,634 cases involving drug use, fixed racing attempts, Organized Crime, hidden ownerships and other issues which threaten the integrity of racing.

The Equine Drug testing program is the most comprehensive system in the United States. In 1988, the following statistics resulted:

	Race Days	No. of Pre-Race	No. of Post-Race		Total Samples Tested
			Blood	Urine	
Standardbred	1,185	100,957	41,031	35,360	177,348

FINANCIAL AUDITS

Annual audits of all licensed harness tracks and the Finger Lakes thoroughbred track are performed by staff accountants.

Field audits of 1987 racing operations were completed for Batavia Downs, Buffalo Raceway, Monticello Raceway, Saratoga Raceway, Vernon Downs, Yonkers Raceway and Finger Lakes Race Track.

Special audits were also conducted at the above tracks in connection with their applications to withdraw monies from their capital improvement fund, except Roosevelt and Yonkers Raceways which do not have such funds.

TRACK CAPITAL IMPROVEMENTS

Sections 228-a and 319 of the Racing, Pari-Mutuel Wagering and Breeding Law permit certain tracks to elect

to withhold an additional 1% from regular and multiple pools from on-track betting to be used exclusively for capital improvements. In addition, Section 527 requires the regional OTB corporations to retain a similar 1% from such off-track betting pools, for tracks electing to withhold on-track, of which one half is paid to the tracks to be used exclusively for capital improvements; and the remaining one half is retained by each regional corporation for its own corporate purposes.

All tracks entitled to make the election have implemented the additions. The pari-mutuel takeout at such tracks is 18% instead of 17% from regular betting pools and 20% instead of 19% from multiple betting pools. The track association commission revenues derived from on-track betting and off-track betting for capital improvement additions are indicated in the accompanying charts.

CAPITAL IMPROVEMENT REVENUES 1988

Track	On-Track	Off-Track	1988 Total	1987 Total

SIMULCASTING OPERATIONS BY OFF-TRACK BETTING CORPORATIONS AND RACE TRACKS DURING 1988 *

During 1988, regular track to track simulcasting of NYRA races was continued by Yonkers Raceway and Saratoga Raceway for the full year, by Finger Lakes for part of the year (99 days), as well as Aqueduct's simulcasting of the Saratoga 24-day meeting.

Simulcasting of in-state races by all off-track betting corporations continued on races from NYRA, Finger Lakes, Yonkers and Roosevelt Raceways. Capital OTB continued to simulcast Saratoga Raceway races and simulcasting of Batavia Downs and Buffalo Raceway's harness races took place in the Capital and Western regions.

Roosevelt Raceway permanently terminated racing and its remaining dates, less 19 days, were assumed by Yonkers Raceway. For 1988, primarily because of the lost dates, total OTB handle on both tracks was down \$16 million. Total on-track handle for both tracks, however, was down an alarming \$49 million.

New York City Off-Track Betting Corporation operated two simulcast theaters for the entire year. Simulcasts of NYRA races in the afternoon and Roosevelt/Yonkers races at night were the primary offerings. The total han-

dle for both theaters was \$73.2 million for a daily average exceeding \$200,000 (up 25%). (In 1987, the one theater had averaged \$100,000.) The State's oldest simulcast theater, in Albany, averaged \$90,000 (up 12.5%) in handle per day while Suffolk's theater averaged \$100,000 (up 25%).

In April, Finger Lakes began its third full season of daily simulcasting to the Western Capital and Catskill regions and on NYRA "dark days" to the other OTB regions. For the year, off-track betting on Finger Lakes races again increased substantially to \$119 million, an increase of \$13 million or 12%.

Also during the year, NYRA simulcast some of its featured races to 63 out-of-state tracks which handled \$41.2 million on those races and paid NYRA \$2.4 million.

The disruption of Connecticut's off-track betting on Roosevelt and Yonkers races which occurred in midyear 1987 ended in 1988. As a result simulcasting now continues on a regular basis from Yonkers Raceway to that state.

*This material is part of the 1988 Off-Track Betting Simulcast Report, available from the Racing and Wagering Board.

OTB Facility - Capital Region

WESTERN REGIONAL OFF-TRACK BETTING CORPORATION

The Western Regional Off-Track Betting Corporation, located in western New York State, is comprised of 18 counties, 15 of which handle off-track betting. The two major cities in the Western area, Buffalo and Rochester, also participate as full members of OTB. Four branches were closed during the year which left the total number of branches operating in Western at 48. Of these 48 branches, five were relocated during the course of the year.

Western OTB conducted 218 simulcast operations during 1988 involving simulcasts at 45 branches from the New York Racing Association (NYRA), Finger Lakes Race Track, Batavia Downs, Buffalo, Roosevelt and Yonkers Raceways.

Within its region, Western OTB contains a thoroughbred track, Finger Lakes Race Track and two harness tracks, Buffalo Raceway and Batavia Downs. Western OTB continued its aggressive approach to simulcasting in 1988. Simulcast facilities expanded from 40 branches at the end of 1987 to 44 branches at the end of 1988. Wagering on simulcast races increased 13.6% from 1987 to 1988.

Batavia Downs, which discontinued its simulcasting

to Western OTB in 1987, reached an agreement with Western in 1988 and began simulcasting to selected branches. As a result, Batavia Downs experienced a dramatic rise in its simulcast handle.

In 1988, Western OTB handled \$143.1 million on thoroughbred races and \$50.2 million on harness races for a total of \$193.3 million, an increase of \$5.7 million or 3% over 1987. The corporation attributes this increase to its further expansion of simulcasting. This total accounts for 9.9% of all New York State off-track betting handle in 1988. Western ranks fifth in the State in terms of total betting handle. At year's end, Western was receiving simulcasts in 92% of its branches compared to 77% in 1987. Of its total handle in 1988, \$150.1 million or 77.7% was wagered at simulcast facilities.

Western's 1988 handle for NYRA was \$83.9 million, an increase of \$4.3 million or 5.5% over 1987. Simulcast locations, of which 45 were operational for varying number of days during the year, accounted for \$74.5 million or 88.7% of total NYRA sales, an increase of \$10 million or 15.4% over 1987. The daily average handle for the simulcast locations was \$6,983 per branch compared to \$7,157 in 1987.

SUFFOLK REGIONAL OFF-TRACK BETTING CORPORATION

Suffolk Regional Off-Track Betting Corporation, located in Suffolk County, had 20 branches and a simulcast theater operating in January, 1988. It closed two branches on January 30, 1988, and ended the year with 18 branches and a simulcast theater. Suffolk OTB conducted 40 simulcast operations. Ten branches and the simulcast theater simulcast races from the New York Racing Association (NYRA) and nine of these and the simulcast theater displayed races from Yonkers and Roosevelt Raceways. The eleven NYRA simulcast facilities also simulcast Finger Lakes on 34 NYRA dark days from April 12 to November 29. Suffolk did not simulcast Monticello during 1988.

In 1988, Suffolk handled \$144 million on thoroughbred races and \$57.5 million on harness races, for a total of \$201.6 million, an increase of \$6.2 million or 3.3% over 1987. This total amount accounts for 10.3% of all the New York State off-track betting handle in 1988. Suffolk OTB ranks third in the State in terms of total betting handle. Of Suffolk's OTB's total handle, \$150.7 million, or 74.8% was wagered at simulcast branches. This represents an increase of \$13.4 million, or 9.8% over 1987. Suffolk distributed a total of \$6.9 million in surcharge revenue in 1988.

NASSAU REGIONAL OFF-TRACK BETTING CORPORATION

Nassau Regional Off-Track Betting Corporation consists of one county, Nassau, on Long Island. Nassau OTB began 1988 with 20 branches in operation and ended the year with 21 branches. Nassau OTB conducted 27 simulcast operations in 1988. Ten branches simulcast thoroughbred races from the New York Racing Association (NYRA). Seven of the branches that simulcast thoroughbred races also simulcast harness races from Yonkers Raceway. Nine simulcast branches displayed harness races from Monticello Raceway for nine days while one branch simulcast races from Monticello Raceway for six days.

Two tracks, NYRA's Belmont Park and Roosevelt Raceway, are located in Nassau County. Within its region, Nassau OTB handles wagers on the three NYRA tracks (Belmont, Aqueduct, Saratoga) and three harness tracks (Roosevelt, Yonkers, Monticello). Because of the statutory track consent requirements, Nassau OTB has been greatly limited in obtaining agreements for simulcasting due to the proximity of its branches to the tracks. It should be noted that once again Roosevelt Raceway was not part of Nassau OTB's simulcast handle for 1988.

In 1988, Nassau OTB handled \$151.6 million on thoroughbred races and \$45 million on harness races for a total of \$196.6 million, an increase of \$15.9 million or 8.8% over 1987. This total amount accounts for 10% of all the New York State OTB handle in 1988. Nassau OTB ranks fourth in the State in terms of total betting handle.

Of Nassau OTB's 1988 total handle, \$92.8 million or 47.3% was wagered at simulcast facilities.

CATSKILL REGIONAL OFF-TRACK BETTING CORPORATION

Catskill Regional Off-Track Betting Corporation is composed of 13 counties located in the eastern and southern parts of the State. The eight participating counties are Broome, Chemung, Chenango, Dutchess, Orange, Rockland, Tioga and Ulster. There are two race tracks located within the boundary of Catskill OTB. Both are harness tracks and are located in non-participating counties. The race tracks are Monticello (in Sullivan County) and Yonkers (in Westchester County).

In 1988, Catskill OTB had in operation during all or part of the year, a total of 31 branches, one more than the previous year. In total, 75 simulcast operations were conducted.

Catskill OTB's 1988 handle was \$135.8 million, an increase of \$3.2 million, or 2.4% over 1987. Of that total, \$92.6 million was wagered on thoroughbred races and \$43.2 million was wagered on harness races. The total handle for Catskill OTB represents 7% of all the New York off-track betting handle in 1988. Catskill ranks sixth in the State in terms of total betting handle. Of Catskill OTB's total betting handle, \$106.9 million or 78.7% was wagered at simulcast branches. This represents an increase of \$3.7 million, or 3.6% over 1987.

CAPITAL DISTRICT REGIONAL OFF-TRACK BETTING CORPORATION

Capital District Regional Off-Track Betting Corporation is located in the northeastern portion of New York State. The major cities located within Capital OTB are Albany, Schenectady, Troy and Utica. The region is comprised of 20 counties. With the addition of Essex County in October, 1988, 15 counties, as well as the City of Schenectady, participate in off-track betting. A branch in Essex County was opened in Ticonderoga on December 30, 1988. Capital OTB started 1988 with 52 branches and one simulcast theater, closed two branches and opened one. Capital OTB ended 1988 with 51 branches and one simulcast theater.

Capital OTB conducted 205 simulcast operations. This was accomplished with 40 branches and the simulcast theater as compared to 37 and the simulcast theater in 1987. The Corporation converted three existing facilities, closed another and opened a new branch. Forty-one branches and one simulcast theater displayed races from the New York Racing Association (NYRA). Four branches and the simulcast theater displayed races from Saratoga Raceway. Forty branches and the simulcast theater displayed races from Finger Lakes. Thirty-nine branches and the simulcast theater displayed races from Yonkers Raceway. Eleven branches and the simulcast theater displayed races from Roosevelt Raceway. Eleven branches and the simulcast theater displayed races from Batavia Downs. Twelve branches and the simulcast

BINGO

Games conducted this year produced gross receipts of \$193,870,790 according to reports by the 2,789 authorized organizations.

Net profit to the participating organizations was \$53,069,835 and revenue to the municipalities was \$2,788,507. During the year, 17,559,752 persons played in 126,123 occasions.

The license fee for the conduct of an occasion of bingo is \$18.75, of which \$11.25 is remitted to the State and \$7.50 retained by the licensing municipality. Participating organizations are also required to pay an additional license fee of 3% of net profit which is retained wholly by the municipality for the enforcement of the applicable bingo laws and rules.

The State received \$1,692,268 bingo fees this year, including the license fees collected from qualified suppliers of equipment which amounted to \$22,915 and 50% of the fees charged to the licensed lessors of bingo premises. The supplier's fee, which is retained wholly by the State, is determined by a statutory schedule based upon the supplier's gross sales.

During the year, 64 new identification numbers were issued raising the total of such numbers issued since the inception of legalized bingo in 1958 to 7,752. The numbers were issued by the Board to organizations in 884 municipalities which have enacted local laws or ordinances permitting the conduct of bingo on a local option basis.

In addition, the Board issued identification numbers to 8 qualifying senior citizens organizations. The Board also must appropriate maximum rentals chargeable by licensed lessors, approve the expenditure of bingo funds by organizations and hear appeals relating to municipal determinations.

Also, during the year the state legislature enacted a law permitting a new type of bingo game called "Supercard". This game is identical to a type of game conducted by organizations without authorization commonly called "line bingo" and involves the selection by players of lines which appear on the bingo display board. A winner is determined when the designated numbers in the selected line are called during the course of a particular bingo game. The Board is currently drafting the rules for the conduct of "Supercard".

GAMES OF CHANCE

Gross receipts of the 930 organizations conducting licensed games of chance in 1988 amounted to \$4,268,155. Net profits were \$3,143,911.

The Board is empowered to issue identification num-

bers to authorized organizations, to approve the expenditure of funds derived from the conduct of games of chance and license the suppliers of the equipment of such games. Since the program's inception, 3,060 games of chance identification numbers have been issued.

By the end of the year, 539 municipalities had passed local laws or ordinances permitting games of chance license periods on a local option basis.

Authorized organizations pay a fee of \$25 for each license period of which \$15 goes to the State and \$10 to the licensing municipality.

Licensed lessor organizations are assessed a fee of \$50 which is divided equally between the State and the licensing municipality. The law also provides for an additional license fee, established by the Board at 5% of the organization's net profits to be used by the municipalities for the enforcement of applicable laws and rules. This fee is retained wholly by the municipality.

The supplier's fee, payable to and retained by the State, has been established at \$25 plus 2% of the supplier's gross sales or rentals.

During the year the state legislature passed laws permitting the sale of bell jar and similar type tickets by licensed organizations. These tickets are popular and their sale should result in increased revenue for the organizations. The applicable rules, which were promulgated to become effective on October 12, permit the sale of the tickets on the premises of the organization as well as at its licensed games of chance and bingo occasions. The organizations are required to pay a \$25 fee for an annual license and an additional license fee of 2% of its net profits from such sales to be submitted with its quarterly reporting form. There was a dramatic increase in the number of new and updated games of chance identification numbers issued coinciding with the new bell jar law.

ADMINISTRATIVE

The Board's Division of Administrative Services has instituted a number of initiatives that have reduced the operations budget in cooperation with the Governor's Forms Simplification/Reduction Project. The Board's annual report on Affirmative Action for 1988 acknowledged that the Board met all goals and received no complaints from any protected class member.

The Board initiated a project aimed at improving internal controls in its licensing operations. The Board installed computer terminals at all race tracks. These terminals are linked to the Board's main computer system in New York City. This system has greatly enhanced accountability and security at the tracks.

(A) Revenue to New York State from Connecticut OTB is for Harness Racing only. Beginning on July 1, 1983, revenues from wagering on NYRA races went to the Capital Construction Fund rather than to New York State.
 (B) Other on-track revenue to New York State includes track and occupational license fees, fingerprint identification fees, fines assessed and miscellaneous items.

(A) Take-out at N.Y.R.A. tracks, and at all inter-track simulcasts of N.Y.R.A., was 17% of regular and multiple pools. At Roosevelt and Yonkers it was 17% of regular and 19% of multiple pools. At all other harness tracks and at Finger Lakes, take-out was 18% of regular and 20% of multiple pools. Take-out on exotic pools was 25%; and on super-exotic it was 25% at N.Y.R.A. and 36% at all other tracks.

(B) Take-out and Breakage to the State is shown before deduction of the various credits on "Summary of Statutory Tax Credits to the Tracks".

(C) Net Take-out and Breakage to Associations reflects deduction for minus pool amounting to \$287,745.72 and inclusion of statutory purse amounts of 1 3/4% of handle at all harness tracks except Roosevelt and Yonkers, and of 1% of handle at Finger Lakes.

(A) Quinella cancelled at Belmont on 5/11 and at Saratoga on 8/29. It was held at Finger Lakes on 5/7 and 5/21 only. (Divided by 480)
 (B) Trifecta cancelled at Aqueduct on 1/20, at Belmont on 10/13, and at Saratoga on 8/26, 8/28 and 8/29. (Divided by 475)
 (C) Pick-6 cancelled at Aqueduct on 1/20. (Divided by 307)
 (D) Take-out was 17% for regular & multiple pools at N.Y.R.A. and all tracks simulcasting N.Y.R.A. races. At Finger Lakes, it was 18% for regular pools and 20% for multiple pools.
 (E) Breakage was distributed at N.Y.R.A. tracks: 80% to N.Y.R.A. and 20% to State; except at tracks simulcasting N.Y.R.A. races, breakage was divided 90% to track and 10% to state.
 At Finger Lakes breakage was divided: 45% to track, 55% to state, except that for Finger Lakes' super exotic pools breakage was divided: 50% to track, 50% to state.

(A) There was no inter-track simulcasting of harness races in 1988.

(B) Quinella was conducted at a total of 334 programs (180 at Monticello and 154 at Vernon).

(C) Trifecta was conducted at a total of 1,184 programs (cancelled on 10/22 at Saratoga).

(D) Pick -4 was conducted at a total of 374 programs (127 at Monticello and 247 at Yonkers).

(E) Pick -7 was conducted at a total of 25 programs at Buffalo.

(F) Take-out was 17% for regular race pools at Roosevelt and Yonkers. It was 18% at all other harness tracks. For multiple pools, take-out was 19% at Roosevelt and Yonkers and 20% at all other harness tracks. Take-out on exotic pools (Trifecta and Pick-4) was 25% at all tracks, and on super-exotic (Pick-7), it was 36%.

(G) Breakage is distributed 50% to state and 50% to tracks.

(H) The Harness Horse Breeders Fund received a share of take-out. On all handles except super-exotic it was 1.00%. On super-exotic, the fund received 3% of that handle.

SHARING OF BREAKS (ODD CENTS OVER MULTIPLES OF 10 FOR REGULAR/MULTIPLE AND OVER 50 FOR EXOTIC, OVER \$1 FOR SUPER-EXOTIC)

	State Tax	Track Retention Before Minus Pools And Purses
NYRA	20%	80%
Finger Lakes	55%	45%
Harness Tracks	50%	50%
Track to Track Simulcasts	10%	90%

Pursuant to Section 301.4, NYRA has elected to reduce the takeout on super-exotic bets to 25%, resulting in taxes and distributions at the same rates as for exotic bets at NYRA and for NYRA Simulcasts.

*Pursuant to Board rules, for all tracks except NYRA 2% of super-exotic takeouts are accumulated and must be returned to the bettors in guaranteed prizes or, if none, in the final pay-off of the meeting. Accordingly, the "effective" takeout is 34%, rather than the initial 36%.

NOTE: In addition to basic prescribed percentages of OTB handle, OTB pays this additional 1.25% of regular and multiple handle and 0.75% of exotic OTB handle on NYRA races to NYRA to achieve a purse allocation of 3% and 4% respectively from OTB handle in the region in which NYRA tracks are assigned, somewhat lower in other regions. In the same manner, purses at Finger Lakes are allocated an additional 1.1% and 0.6% respectively of OTB handle to achieve the same 3% and 4% respectively for purses from pools in the district where Finger Lakes is located and somewhat lower elsewhere.

1988	166,396,335	328,469

¹ Track Commission on thoroughbred wagering is 5% of regular handle and 7% of exotic handle up \$100 million of regular handle. When regular handle reaches \$100 million, the rates go to 6% of regular handle and 8% of exotic handle. No state tax has been levied on this commission since 7/1/83. Fifty percent of the net revenue to NYRA (after purses of 3%) is allocated to the State Thoroughbred Racing Capital Investment Fund for Capital Projects at NYRA tracks. In 1988, the New York State Thoroughbred Racing Capital Investment Fund received \$1,619,102.

² Commenced April 29, 1976.

³ State Tax on harness wagering of 1.2% of regular handle plus 3.2% of exotic handle had been declared invalid by the courts prior to 1988. The State Tax refunded in 1988 amounted to \$4,905,886 of which Yonkers received \$2,290,729 and Roosevelt \$2,615,157. Interest will be added. As of April 1, 1988, the tax was reinstated by legislative action at 1.1% of regular and 3.1% of exotic pools on Yonkers/Roosevelt races. Track commission on harness wagering is 5% of regular handle and 7% of exotic handle from which the tax is deducted. Half of the balance must be paid in purses.

N.Y. STATE RACING & WAGERING BOARD

1990 ANNUAL REPORT

Richard F. Corbisiero, Jr.
Chairman of the Board

Bennett Liebman
Member

Joseph P. Neglia
Member

The New York State Racing & Wagering Board has general jurisdiction over all horse racing activities and all pari-mutuel betting activities, both on-track and off-track, in the State of New York and over the corporations, associations and persons engaged therein. The Board also regulates the conduct of bingo games and games of chance by authorized non-profit organizations.

The Board consists of three members appointed for six-year terms by the Governor, with the advice and consent of the Senate. Not more than two of the members shall belong to the same political party. The Governor designates one of the members as Chairman of the Board, who is Chief Executive Officer.

STATE OF NEW YORK
NEW YORK STATE RACING AND WAGERING BOARD

400 Broome Street
New York, N. Y. 10013
(212) 219-4230

MEMBERS

Richard F. Corbisiero, Jr.
Chairman

Bennett Liebman
Joseph P. Neglia

To the Honorable Mario M. Cuomo, Governor

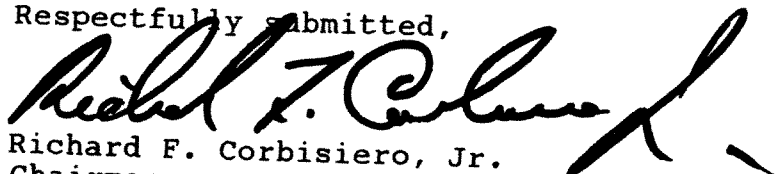

The New York State Racing and Wagering Board is pleased to submit to you its eighteenth annual report in accordance with Chapter 346 of the Laws of 1973.

The racing and wagering industry generated substantial revenues for state and local governments and maintained its lead position in total pari-mutuel handle in the country.

The Board's commitment to the integrity of the sport, the support of New York's breeding industry and vigilant regulation of racing and wagering systems will insure public confidence and generate the cooperation needed in the industry in the decade ahead.

The following documents the Board's progress for the year 1990.

Respectfully submitted,

Richard F. Corbisiero, Jr.
Chairman

RACING AND WAGERING BOARD STAFF

Back Cover

HIGHLIGHTS

In 1990, the State of New York hosted 1,658 days of racing (Thoroughbred and Harness) resulting in a combined handle of on and off track wagers totalling \$3,326,000,805. This was again a decrease from the previous year.

As in previous years, the on track handle continued to decline. The on-track handle of \$1,402,293,289 was 2.53% below the 1989 figures. The 1990 off-track figure of \$1,923,707,516 was .18% above the previous year.

THOROUGHBRED AND HARNESS RACING COMBINED

	1990	1989

Admission Taxes to Towns Cities and Counties	\$ 895,966	\$ 1,001,189

LEGAL ACTIVITIES

Among the significant court decisions which resulted in 1990 from challenges to Board actions or determinations were:

Ceraso v. Corbisiero
Ehrhart v. Corbisiero
Unger v. Corbisiero
Truitt v. Corbisiero

In this series of cases which challenged

pre-hearing suspensions of harness trainers' licenses after detection of a controlled substance in the post-race urine of their horses, the Supreme Court, New York county rejected federal and state constitutional claims and reaffirmed the authority of the Board to impose interim suspensions based upon detection of the drug and presumption of trainer's responsibility.

Mitchell v. NYSRWB

The Appellate Division, First Department

unanimously confirmed the Board's suspension of a veterinarian's license who had prescribed and dispensed a drug for administration in violation of the Board's drug rule. The Court rejected claims that the conduct involved was a mere error which did not cause harm and that the penalty of the suspension was too harsh.

**Ontario County v. Capital District
Regional Off-Track Betting Corporation**

The Appellate Division, Third Department affirmed a lower court judgment which upheld the Board's determination regarding the amount of the County's surcharge revenue distribution. A challenge to the Board's interpretation of Section 532(3) (b) was rejected. The Court noted that the Board's interpretation of the statute is entitled to judicial deference and should be upheld if not irrational or unreasonable.

RULES AND REGULATIONS

The Board promulgated various amendments to the rules and regulations governing racing. These rules reflect the Board's continuing commitment to the preservation of safety and integrity, changes in statutory requirements, and technological changes. Among the rule changes were adoption of rules governing adjudicatory hearings, consistent with Executive order No. 131, a rule providing for implementation of the surcharge for off-track betting capital improvements, rules governing the posting of racing results at off-track betting facilities, rules for the determination of the order of finish at harness tracks where a noncontinuous hub rail is employed and rules for exotic wagering.

Additionally, public hearings were held regarding a rule addressing the types of sulkies to be permitted in harness racing and the Board's Administrative Adjudicatory Plan.

LICENSING

All participants in racing in New York State are required to obtain occupational licenses which have been issued on a calendar year basis for one or three years. Three year licensing is for occupational categories: Owners, Trainers, Drivers, Jockeys. This program was established to enhance the licensing process of individuals who were licensed the previous year.

In 1990, a total of 6,992 licenses were issued for participants at six harness tracks (Buffalo, Batavia, Monticello, Saratoga, Vernon Downs, Yonkers and Syracuse Mile).

In Thoroughbred racing, there were 7,068 licenses issued for racing at Aqueduct, Belmont, Saratoga and Finger Lakes.

A total of 14,060 were issued for the year, the reduction from the previous year was caused by the 3-year process.

Fingerprints processed totalled 11,533 Federal and State, of this 4,658 were Federal and 6,875 were State prints.

In the Thoroughbred Division, there were 49 suspensions causing 889 days of suspension and 158 fines for a total of 15,480 racing violations.

In Harness racing, there 516 suspensions resulting in 4,661 days of suspensions and 525 fines for a total of

41,550.

For 1990, the Investigations Unit handled 1,676 cases in all areas of questionable racing activities, i.e., race fixing, hidden ownership, equine and human drug usage, insurance scams, Organized Crime interests, OTB, concessionaires and others.

One activity conducted by this Board in order to maintain the integrity of racing is the pre and post-race equine drug testing program, probably the most comprehensive in the United States. Our rules require that all racing horses at the tracks undergo pre-race blood testing and a number of them are subjected to post-race urine and blood testing.

	RACE DAYS	NO. OF PRE-RACE	NO. OF POST-RACE BLOOD	URINE	TOTAL SAMPLES TESTED
Standardbred	1,185	101,787	40,782	35,953	178,522
Thoroughbred	488	40,554	14,759	14,284	69,597
Totals	1,673	142,341	55,541	50,237	248,119

FINANCIAL AUDITS

Annual audits of all licensed harness harness tracks and the Finger Lakes thoroughbred track are performed by staff accountants.

Field audits of 1989 racing operations were completed for Batavia Downs, Buffalo Raceway, Monticello Raceway, Saratoga Raceway, Vernon Downs, Yonkers Raceway and Finger Lakes Race Track.

Special audits were also conducted at the above tracks in connection with their applications to withdraw monies from their capital improvement funds, except Yonkers Raceway which does not have a fund.

A special audit was conducted of the records of the Finger Lakes Division of the Horsemen's Benevolent and Protective Association with regard to the one percent of purses withheld for payment to the horsemen's organization pursuant to Section 221 of the racing law.

TRACK CAPITAL IMPROVEMENT FUNDS

Sections 228-a and 319 of the Racing, Pari-Mutuel Wagering and Breeding Law permit certain tracks to elect to withhold an additional 1% from regular and multiple pools from on-track betting to be used exclusively for capital improvements. In addition, Section 527 requires the regional OTB corporations to retain a similar 1% from such off-track betting pools for tracks

electing to withhold on-track, of which one half is paid to the tracks to be used exclusively for capital improvements; and the remaining one half is retained by each regional corporation for its own corporate purposes.

All tracks entitled to make the election have made it. The pari-mutuel takeout at such tracks is 18% instead of 17% from regular betting pools and 20%

instead of 19% from multiple betting pools. The track association commission revenues derived from on-track betting and off-track betting for capital improvement additions are included, but not identified separately, in the accompanying charts as part of the total and association shares of commissions. The capital improvement commissions are indicated separately below as determined by Racing Board calculations.

CAPITAL IMPROVEMENT COMMISSIONS 1990

<u>TRACK</u>	<u>ON-TRACK</u>	<u>OFF-TRACK</u>	<u>1990 TOTALS</u>	<u>1989 TOTALS</u>
Finger Lakes	\$352,218	\$485,585	\$837,803	\$873,643

Syracuse Mile	15,839	606	16,445	17,597
TOTALS	\$1,524,614	\$868,700	\$2,393,314	\$2,431,176

**SIMULCASTING OPERATIONS BY
OFF-TRACK BETTING
CORPORATIONS AND RACE
TRACKS DURING 1990**

During 1990, the sixth full year of the simulcast experiment, each of the State's race tracks (with the exception of Vernon Downs, Monticello Raceway and the Syracuse Mile) made a simulcast signal of its races available to some or all of the State's six off-track betting corporations. Nine of the State's eleven race tracks also were receiving tracks for simulcast signals.

The simulcasting of NYRA races was continued by Yonkers (for an abbreviated 167 days), Saratoga Raceway (for 287 days), Finger Lakes (for 110 days), Vernon Downs (for 112 days) and Monticello Raceway (for 89 days), as well as Aqueduct's simulcasting of the 24-day Saratoga meet. In addition, Monticello Raceway began simulcasting races from NYRA (for 89 days) and NYRA tried a limited experiment simulcasting Belmont's races to Aqueduct, which they discontinued after 18 days, claiming unsatisfactory results. Batavia Downs tried simulcasting of Finger Lakes

races (dropped after 20 days), NYRA races (for 23 days) and Buffalo Raceway races (for 63 nights). In addition, Buffalo Raceway simulcast Batavia Downs' races (for 40 nights) and Vernon Downs continued its day-night simulcasting with Yonkers' races at night (for 112 nights).

Simulcasting of in-state races by all off-track betting corporations continued on races from NYRA, Finger Lakes and Yonkers Raceway. Capital OTB continued to simulcast Saratoga Raceway races and simulcasting of Batavia Downs and Buffalo Raceway's harness races took place in the Capital and Western Regions.

In 1990, the combined statewide on and off-track handle for all tracks fell by \$36 million (1%), compared to 1989. On-track harness handle fell by over 8%. Total off-track handle held almost even to 1989's level. Total simulcast handle, however, continued to rise. During 1990, 37% of the State's total betting handle was wagered at simulcast facilities compared to 36.8% in 1989.

A total of 185 simulcast facility licenses were issued in 1990, eight more than in 1989. Eight were issued to race tracks (Aqueduct, Yonkers Raceway, Saratoga Raceway, Monticello Raceway, Batavia Downs, Buffalo Raceway, Vernon Downs and Finger Lakes), five to simulcast theaters (two in New York City, one each in Albany and Hauppauge and a new license to a hotel, Friar Tuck Inn, in Catskill, New York) and 173 to off-track betting branches throughout the State. Collectively, these facilities conducted 822 simulcast operations. Yonkers simulcasts of NYRA's races ceased in

February because of Catskill OTB Corporation's veto, not to begin again until July. On July 1, all simulcasting ceased because of the sunseting of the experimental statute. it began July 2 with the enactment of the Laws of 1990, Chapter 346.

The Racing Law establishes three distinct classifications of simulcast facilities. Total simulcast handle during 1990 in each class were; Track to Track, \$128 million (down 21% compared to 1989 because of Yonkers' cessation); OTB Branches, \$950.8 million (down 10.3%) and Simulcast Theaters, \$153.2 million (up 6.2%).

OTB Simulcast handle on both NYRA and Yonkers races declined; 4.8% for NYRA and a dramatic 19.7% for Yonkers. Part of this decline is attributable to the fact that for more than five months, Yonkers did not simulcast into the Catskill region. Finger Lakes, which continued to simulcast statewide on NYRA dark days (usually Tuesdays), and to all OTB regions outside New York City and Nassau County on other days, reported a 10.3% increase in simulcast handle in 1990. Batavia/Buffalo's combined simulcast handle rose by 2.3% in 1990, while Monticello's OTB simulcast handle increased by over 385% (due to a substantial increase in the number of simulcast programs). For the State's other harness track, Saratoga Raceway, OTB, OTB simulcast handle fell by 37% in 1990.

OVERVIEW: PARI-MUTUEL WAGERING ACTIVITIES ON AND OFF-TRACK 1984-1990

Statewide pari-mutuel handle both on and off-track increased by over \$350

million to \$3.3 billion. This is in large part due to the introduction of simulcasting in 1984, principally off-track. The results on-track are not as promising.

On-track thoroughbred racing showed some decline during the period from 1983 to 1990. Total attendance dropped by over 600,000 persons, while handle declined from \$968 million to \$830 million, a decrease of over \$138 million. In accordance with the drop in handle, revenue to state and local governments from thoroughbred racing on-track also declined slightly. The thoroughbred industry has successfully utilized simulcasting (particularly track to track simulcasting) to recoup some of its losses. In 1990, the New York Racing Association and Finger Lakes Race Track's in-state track to track simulcasts generated handle of over \$124 million. When included in the on-track thoroughbred handle, 1990's total rose by some \$74 million compared to 1983.

The State's harness industry has not shown the ability to maintain its financial position, despite the innovative concept of simulcasting or the additional tax relief legislation which has been in place during most of this period. The State saw one harness track, Roosevelt Raceway, close its doors in 1988, while the other tracks continue in steep decline. Despite an increase of more than 40 racing programs in 1990 (over 1983), attendance fell by over two and a quarter million people, while handle dropped over \$250 million. In this sector, the decline in other indicators, such as State revenue, is clear. For example, in 1983, New York State received over \$34 million in pari-mutuel tax revenues from the harness tracks; in 1990 the State received only

\$5.7 million from the pari-mutuel tax on harness racing. This reflects both a decline in harness handle, as well as a reduction in the pari-mutuel tax rates. The Board does not foresee any indication that business may increase in the future.

Off-track betting conducted by six public benefit corporations, saw significant benefits as a result of simulcasting, begun in 1984. In comparing the year 1983 (pre-simulcasting) with 1990, one can see the results: handle increased by more than \$340 million so that in 1990 off-track's total handle of \$1.9 billion exceeded the combined statewide on-track handle for all tracks by over \$518 million. In addition, off-track betting provides significant sources of revenue for the local governments (\$101 million), the race tracks (\$108.3 million), the State (\$28.9 million) and the breeding fund (\$11.5 million). With over 260 branches, more than half of which simulcast races and some of which are enhanced facilities offering additional amenities and services, OTB's handles has continued to rise.

Despite its problems, the horse racing and breeding industry remains a significant component in the State's economic scheme. The industry provides tens of thousands of jobs statewide.

It ranges from veterinarians to grooms on-track, clerks and technicians off-track, managers and farm help at the breeding sheds, as well as many outside vendors and suppliers. In addition, it has been and continues to be an essential part of each area's local economy, often providing a key element in maintaining the vitality of communities.

ASSESSMENT OF RESULTS

During the experimental simulcasting period (1984-1990), there has been no real growth. While annual total handle has risen \$174 million to \$3.3 billion, that is an increase of only 5.5%, well below the rate of inflation and represents a substantial loss in "real dollars".

As was to be expected, on-track handles declined over the period by \$298 million to \$1.274 billion (only partially offset by track to track handle increases of \$128 million) with harness tracks' handle falling an alarming 43%.

Off-track betting, which would have been expected to benefit substantially from simulcasting, did rise \$341 million to \$1.924 billion for the period, but its rate of rise (21%) over the six years was also a loss in "real dollars" for the period.

What trend, if any, emerged during the six years indicated a shift of night harness racing handle to daytime simulcast thoroughbred handle and, to a lesser extent, to harness handle at OTB facilities. On-track harness handle declined \$209 million during the six-year period. Track to track thoroughbred simulcasting at harness tracks, however, grew by \$90 million, and off-track betting on harness races increased only \$12 million.

Yonkers/Roosevelt Raceways' total on-track handle in 1984 was \$162 million greater than the now sole Yonkers' operation in 1990, while NYRA simulcasts at Yonkers attracted \$56 million in a curtailed 1990 and

off-track betting actually declined by \$1 million.

Saratoga Raceway lost \$18 million in on-track harness handle during the period, but gained \$20 million in NYRA track to track simulcast handle and only held even in OTB handle.

One other notable event was the dramatic growth in the Finger Lakes thoroughbred off-track handle from the simulcasting of its races to a statewide OTB audience on Tuesdays and to regions outside New York City and Nassau County on other days. For the period, Finger Lakes off-track handle increased \$77 million (an increase of 179%!). On dark days, Finger Lakes competed not only with out-of-state thoroughbred tracks, but also against metropolitan harness tracks which conducted afternoon racing.

The Finger Lakes results seem to have been the only statistics which met the optimistic predictions for simulcasting.

While simulcasting as a growth generator was disappointing, it still may have stemmed substantial erosion of the pari-mutuel betting dollar. For the five years before simulcasting, total handle grew only \$49 million (4.4%) and off-track only increasing \$120 million (8.2%). During the simulcasting experiment (1984-1990), total handle increased \$174 million (5.5%), declining \$169 million (11%) on-track and increasing \$334 million (21%) off-track.

BINGO

Games conducted this year produced gross receipts of \$185,118,961 according

to reports by the 2547 authorized organizations.

Net profits to the participating organizations was \$49,865,362 and revenue to the municipalities was \$2,576,801. During the year 16,970,563 persons played in 122,002 occasions.

The license fee for the conduct of an occasion of bingo is \$18.75, of which \$11.25 is remitted to the State and \$7.50 retained by the licensing municipality. Participating organizations are also required to pay an additional license fee of 3% of net profit which is retained wholly by the municipality for the enforcement of the applicable bingo laws and rules.

The State received \$1,508,664 bingo fees this year, including the license fees collected from qualified suppliers of equipment which amounted to \$27,405 and 50% of the fees charged to the licensed lessors of bingo premises. The supplier's fee, which is retained wholly by the State, is determined at \$25 plus a statutory schedule based upon the supplier's gross sales.

During the year, 60 new identification numbers were issued raising the total of such numbers issued since the inception of legalized bingo in 1958 to 7,871. The numbers were issued by the Board to organizations in the municipalities which have enacted local laws or ordinances permitting the conduct of bingo on a local option basis.

In addition, the Board issued identification numbers to 12 qualifying senior citizens organizations. There were no hotel bingo identification numbers issued the year. The Board also must

approve maximum rentals chargeable by licensed lessors and the expenditure of bingo funds by organizations as well as hearing appeals relating to municipal determinations.

GAMES OF CHANCE

Gross receipts of the 1065 organizations conducting regular licensed games of chance in 1990 amounted to \$4,631,884. Net profits were \$3,363,375.

The Board is empowered to issue identification numbers to authorized organizations, to approve the expenditure of funds derived from the conduct of games of chance and license the suppliers of the equipment of such games. Since the program's inception, 3,846 games of chance identification numbers have been issued an increase of 301 for the year.

Municipalities are required to pass local laws or ordinances permitting games of chance license periods on a local option basis and mandatory referendum.

Authorized organizations pay a fee of \$25 for each license of which \$15 goes to the State and \$10 to the licensing municipality. The State realized \$62,130 in such fees which include \$19,890 collected for bell jar licenses.

Licensed lessor organizations are assessed a fee of \$50 for each licensed period which is divided equally between the State and the licensing municipality.

The law also provides for an additional license fee, established by the Board at 5% of the organizations net

profits, to be used by the municipalities for the enforcement of applicable laws and rules. This fee is retained wholly by the municipality and amounted to \$180,127.

The suppliers fee, payable to and retained by the State, has been established at \$25 plus 2% of the suppliers gross sales or rentals. The State received \$131,443 in games of chance fees from qualified suppliers of equipment and supplies.

This year was the second full year regarding the licensing of organizations for the sale of bell jar and similar type tickets. Net profits earned by the 1,326 organizations licensed to conduct such games amounted to \$15,217,657. The organizations are required to pay a \$25 fee for an annual license and an additional license fee of 2% of its net profits from such sales to be submitted with its quarterly reporting form. Additional license fees amounted to \$313,968.

(A) Revenue to New York State from Connecticut OTB is for Harness Racing only. Beginning on July 1, 1983, revenues from wagering on NYRA races went to the Capital Construction Fund rather than to New York State.

(B) Other on-track revenue to New York State includes Track and Occupational License fees, Fingerprint Identification fees and Fines Assessed.

(A) Take-out at N.Y.R.A. tracks, and at all inter-track simulcasts of N.Y.R.A., was 17% of regular and multiple pools. At Yonkers it was 17% of regular and 19% of multiple pools. At all other harness tracks and at Finger Lakes, take-out was 18% of regular and 20% of multiple pools. Take-out on exotic pools was 25%; and on super-exotic it was 25% at N.Y.R.A. and 38% at all other tracks.

(B) Take-out and Breakage to the State is shown before deduction of the various credits on "Summary of Statutory Tax credits to the Tracks".

(C) Net Take-out and Breakage to Associations reflects deduction for minus pool amounting to \$356,180 and inclusion of statutory purse amounts of 1 3/4% of handle at all harness tracks except Yonkers, and of 1% of handle at Finger Lakes.

SUMMARY OF STATUTORY TAX CREDITS
TO TRACKS FROM NEW YORK STATE

<u>TRACK</u>	<u>1990</u>	<u>1989</u>
<u>OTB SIMULCAST CREDITS (A)</u>		
Finger Lakes Race Track	\$ 424,250	\$ 456,1
Yonkers Raceway	2,317,347	2,860,3
Saratoga Raceway	60,067	66,1
Batavia Downs Raceway	152,764	174,9
Buffalo Raceway	167,032	208,7
Monticello Raceway	<u>62,761</u>	<u>19,7</u>
Total OTB Simulcast Credits	<u>\$ 3,184,221</u>	<u>\$ 3,786,8</u>
Total Pari-Mutuel Revenue to Tracks (B)	\$203,812,748	\$209,834,3
Plus Credits	<u>3,184,221</u>	<u>3,786,8</u>
Net Pari-Mutuel Revenue to Tracks After Credits	<u>\$206,996,969</u>	<u>\$213,621,2</u>
Total Pari-Mutuel Revenue to State (B)	\$ 53,520,010	\$ 52,768,7
Less Credits	<u>(3,184,221)</u>	<u>(3,786,8</u>
Net Pari-Mutuel Revenue to New York State After Credits	<u>\$ 50,335,789</u>	<u>\$ 48,981,9</u>

(A) Pursuant to Section 228 (Finger Lakes) and 318 (Harness Tracks) of Racing, Pari-Mutuel Wagering and Breeding Law; effective July 1, (Paid on a daily basis as earned.)

(B) See attached.

(A) Pick -4 was conducted at a total of 531 programs (352 at Yonkers, none held on 6/18; and 179 at Saratoga).
 (B) Not included in totals.
 (C) Take-out was 17% for regular race pools at Yonkers. It was 18% at all other harness tracks. For multiple pools, take-out was 19% at Yonkers and 20% at all other harness tracks. Take-out on exotic pools (Trifecta and Pick-4) was 25% at all tracks.
 (D) Breakage is distributed 50% to state and 50% to tracks for on-track racing. For track to track simulcasts it is distributed 10% to state and 90% to track.
 (E) The Harness Horse Breeders Fund received a share of take-out. On regular, multiple and exotic handles it was 1%.

TAKEOUT DISTRIBUTIONS FOR TRACK TO TRACK SIMULCASTS

Section 1007 of the racing law specifies that the takeout percentages from simulcast betting pools shall be the same as those applicable to the sending track (the track holding the race).

However, the pari-mutuel tax rates are different 2% of regular wagers, 2 and 1/2% of multiple wagers, and 7% of exotic and super exotic wagers, plus 10% of the breaks; or the pari-mutuel tax rates in effect at the receiving track (where the betting takes place), plus 10% of the breaks, if lower than these rates. The taxes listed above for on-track handles are presently the lower rates for all receiving tracks (Finger Lakes has no super exotic pools) except for NYRA simulcasts to its own tracks.

The receiving tracks are also obligated to pay 1% of the pools on harness races or 1/2% of the pools on thoroughbred races to the appropriate breeding fund. Of the sums retained by a receiving track, after payment of the pari-mutuel taxes and breeder fund shares, an amount as determined by agreement is payable to the sending track. The 1% allocations for capital improvements do not apply to track to track simulcasts.

SHARING PERCENTAGES OF BREAKS (ODD CENTS OVER MULTIPLES OF 10 FOR REGULAR/MULTIPLE, OR 50 FOR EXOTIC, \$1 FOR SUPER-EXOTIC)

	State Tax	Track Retention Before Minus Pools And Purses
NYRA	20%	80%
Finger Lakes	55%	45%
Harness Tracks	50%	50%
Track To Track Simulcasts	10%	90%

Pursuant to Section 301.4, NYRA has elected to reduce the takeout on super-exotic bets to 25%, resulting in taxes and distributions at the same rates as for exotic bets.

*Pursuant to Board rules, for all tracks except NYRA, 2% of super-exotic takeouts are accumulated and must be returned to the bettors in guaranteed prizes or in the final pay-off of the meeting. Accordingly, the "effective" takeout is 34%, rather than the initial 36%.

NOTE: In addition to basic prescribed percentages of OTB handle, OTB pays this additional 1.25% of regular and multiple handle and 0.75% of exotic OTB handle on NYRA races to NYRA to achieve a purse allocation of 3% and 4% respectively from OTB handle in the region in which NYRA tracks are assigned, somewhat lower in other regions. In the same manner, purses at Finger Lakes are allocated an additional 1.1% and 0.6% respectively of OTB handle to achieve the same 3% and 4% respectively for purses from pools in the district where Finger Lakes is located and somewhat lower elsewhere.

1989	157,194,647	573,791
1990	152,614,950	438,009

¹Track Commission on thoroughbred wagering is 5% of regular handle and 7% of exotic handle up \$100 million of regular handle. When regular handle reached \$100 million, the rates go to 6% of regular handle and 8% of exotic handle. No state tax has been levied on this commission since 7/1/83. Fifty percent of the net revenue to NYRA (after purses of 3%) is allocated to the State Thoroughbred Racing Capital Investment Fund for Capital projects at NYRA tracks. In 1990, the New York State Thoroughbred Racing Capital Investment Fund received \$1,472,215.

²Commenced April 29, 1976.

³State Tax on harness wagering of 1.2% of regular handle plus 3.2% of exotic handle imposed prior to 1988 was declared invalid by the courts. The State Tax Department refunded \$2,290,729 to Yonkers and \$2,615,157 to Roosevelt in 1988. As of April 1, 1988, the tax was reinstated by legislative action at 1.1% of regular and 3.1% of exotic pools on Yonkers/Roosevelt races. Track commission on harness wagering is 5% of regular handle and 7% of exotic handle from which the tax is deducted. Half of the balance must be paid in purses.

NOTE: Due to budget cuts in the State of Connecticut, Department of Revenue Services, Division of Special Revenue, the 1990 format is slightly different from previous years.
