

# NEVELE

RESORT, CASINO & SPA

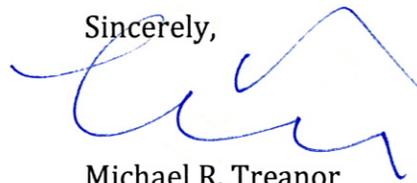

May 28, 2014

Dear Proprietor,

You may be aware that the Nevele Resort, Casino & Spa is applying for a Class 3 gaming license and plans to revitalize the old Nevele property. When the Nevele is awarded a gaming license we will have two years to complete construction. Nevele anticipates employing over 1,000 construction workers to accomplish this goal; these construction workers will need to eat several meals a day while they are employed in Wawarsing from the fall of 2014 through 2016.

The Nevele prioritizes helping the local economy and would like to encourage its workers to patronize local eating establishments such as yours. Of course we will distribute menus and information about your eatery in accordance with our Tourism Agreement dated March 18, 2014. Nevele would also like to see whether you might be interested in providing food to the construction workers at the construction site itself. As we move closer to early fall when we expect a decision on the award of gaming licenses Nevele management will contact you again to finalize the details of this agreement.

Sincerely,

Michael R. Treanor  
CEO, Nevele Resort, Casino & Spa
