

Exhibit IX.A.1.b. – Other Evidence of Local Support

Submit as Exhibit IX.A.1.b. a list of any other evidence of local support including public statements and declarations, letters or resolutions from the Host Municipality, nearby municipalities, private organizations, community, religious and civic groups, charitable organizations, entertainment venues, chambers of commerce, local businesses, labor organizations, etc.

In 2014, Tioga Downs submitted over 4,500 letters of support for its facility expansion project from businesses, municipalities, counties, elected officials, community organizations, patrons and the public across the Southern Tier and beyond. In anticipation of the Board's 2014 public hearing, over 400 additional letters of public support were submitted in support of Tioga Downs' proposal. Public support for an expanded Tioga Downs resort facility continues strong today. As evidenced on the attached map, one thing is clear: **support for an expanded Tioga Downs full scale resort facility is vast and far reaching.**

In addition to the roughly 5,000 letters of support previously submitted to the Board, Tioga Downs proudly submits the enclosed 900+ new indications of additional support for an expanded full scale casino resort at Tioga Downs.

In consideration of the environment, Tioga Downs has not enclosed, but incorporates herein, the approximately 5,000 letters of support previously submitted to the Board and available here: <http://gaming.ny.gov/gaming/tiogadowns.php#5>.

The support provided herein comes from across the Southern Tier and includes: (a) municipal resolutions; (b) local business; (c) Chambers of Commerce; (d) tourism and other economic development organizations; (e) elected officials; and (f) hundreds of additional indications of support from Tioga Downs patrons and Southern Tier residents.

Dear LeeAnn -

Congratulations on this second opportunity for Tioga Downs to win the support of the New York State Gaming Commission and its Siting Board, as an additional full gaming license is considered for the Southern Tier region.

As the Chamber reviews the dynamic of casino activity throughout New York State and the nation's Middle Atlantic region, we are even more convinced that the well-considered and enhanced Tioga Downs proposal is most appropriate for the market, the economy, taxpayers, lifestyle and likelihood for success in the immediate and foreseeable future. Now, more than ever, the Tioga Downs proposal makes sense.

As before, this endorsement is not lightly made but, rather, is the result of extensive analysis by this organization's Public Affairs Council and Board of Directors. It is more pragmatic than parochial and is, hopefully, both visionary and contemporary. It is made on behalf of the Chamber of Commerce and our affiliated Convention and Visitors Bureau.

Certainly, a commanding consideration continues to be the daunting record by Tioga Downs of deadlines met and promises kept. The employment, programming, facility enhancements, marketing, investment, performance, revenues and taxes, along with pervasive local and regional community support, are still and consistently superb. These achievements are commendable as a demonstration of corporate character and integrity.

As you well know, there are other components which validate the promise of the Tioga Downs proposal. For example, the Nichols location is beyond the competitive reach and redundancy of the Catskills and other Upstate regional casino sites as well as those of Pennsylvania. On the other hand, Nichols is ideally located as the gateway to the Finger Lakes for that burgeoning tourism region's most lucrative markets.

Finally, it would be difficult to overstate the potential and the need for the substantial and unique economic impact which a full gaming casino at Tioga Downs would engender. Even as we applaud the region's resiliency in response to devastation of floods and lost industries, we recognize that the Tioga Downs project represents the infusion of exponentially greater economic opportunity for a whole spectrum of workers and entrepreneurs alike.

We believe Tioga Downs is now an even more compelling candidate and trust the New York State Gaming Commission and Siting Board will concur.

Sincerely,

President & Chief Executive Officer

Tioga Downs
Nichols, NY

Dear Jeffrey Gural:

On behalf of the Board of Directors of Cornell Cooperative Extension Tioga County, I am writing to reiterate our support of your efforts to expand and grow Tioga Downs in Tioga County. Your organization benefits Tioga County in many ways. Over the years, we recognize that you and your organization are committed to Tioga County and the Southern Tier through:

- donations to various community organizations
- outreach and support to the community during and after the September 2011 flooding
- commitment to local businesses, especially farms, through local purchasing of goods and services
- participation and expansion of your “Farm to Table” program
- job opportunities that are needed; especially for the horse, hospitality, and entertainment sectors

In addition, as a successful business, the expansion of Tioga Downs will help increase the tax base for the community and will help all municipalities keep property and school taxes in check which also will have a positive impact on our ag community. It will also help raise revenues for Tioga County, which needs additional revenues to sustain important community programs and services, including Cornell Cooperative Extension of Tioga County!

We hope that this letter will help convince the selection committee to grant you the necessary approval to further develop Tioga Downs to better serve Tioga County and the Southern Tier of New York State.

Sincerely,

Re: Support of Award of Casino License to Tioga Downs, Nichols, NY

Dear Ms. Tinney:

I am writing on behalf of the Corning Area Chamber of Commerce and our 300+ Members to express our support for the application of Tioga Downs in consideration for the award of a Casino license as submitted by Tioga Downs in Nichols, New York.

Revenue generated by Tioga Downs is important to the economic viability of Tioga County schools, municipalities and residents, especially noting that 20% of net gaming revenues will be retained by the host municipality and host county. But equally as important as the economic impact directly to Tioga County is the "trickle down" impact to surrounding counties (regional) that such a tourism destination can provide.

Tioga Downs brings in out-of-state dollars through their close proximity and easy accessibility to Pennsylvania. It encourages visitors traveling to the region to spend their money, and oftentimes provides a welcome opportunity to extend their stays ... perhaps even encouraging return trips which is good for all neighboring counties.

As a business organization, the Corning Area Chamber of Commerce is very aware of the importance of promoting growth in the tourism industry. A major economic driver for New York State, increasing the expansion and destination opportunity for Tioga Downs will likewise increase the total economic impact for our Southern Tier region.

Tioga Downs is a valued Member of the Corning Chamber and as such, I can attest that Tioga Downs has been and continues to be an invested and generous community partner, and would serve as good stewards of this award and opportunity.

I encourage your consideration to award this licensure to Tioga Downs. This award will help support the Southern Tier's continued growth, sustainability, and positive economic impact realized through increased tourism spending and increased employment opportunities.

Re: Support of Award of Casino License to Tioga Downs, Nichols, NY

Dear Ms. Tinney:

This letter is being sent to reiterate our support for the expansion of casino gaming at Tioga Downs in Nichols, NY. The award of the available casino license in the Eastern Southern Tier area would be well deserved and essential to the continued valuable economic and tourism development in Tioga County.

Tioga Downs has made a significant private investment converting a long-time, vacant horse track into a fabulous tourism destination. In addition in anticipation of the passage of the Upstate New York Gaming and Economic Development Act, preparations for the expansion of the current facility into a full casino are readied for immediate implementation.

The impact the annual revenue to our local schools and municipalities generated by the expansion of Tioga Downs into a gaming facility would bolster the economy. In 2011, Tioga County was devastated by flooding. The losses the community and businesses endured were staggering,

Tioga Downs has been a first rate community partner and we encourage the selection committee to approve their submission.

Re: Support of Award of Casino License
to Tioga Downs, Nichols, NY

Dear Ms. Tinney:

With the passage of the Upstate New York Gambling and Economic Development Act, gambling will be allowed in New York State.

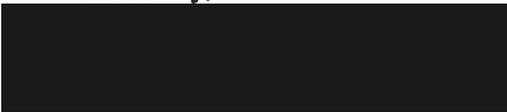

Southern Tier Central Regional Planning and Development Board recommends that Tioga Downs in Nichols, New York be awarded the one available casino license in the Eastern Southern Tier area.

Tioga Downs has made a significant private investment, converting a long-time, vacant horse track into a successful tourism destination. In fact, plans that would enable the expansion of the current facility into a full casino are ready for immediate implementation.

The owner of Tioga Downs has experience in the gaming industry at other facilities across New York State as well as at the existing facility in Tioga County.

Because Tioga Downs has already proven to be a valued community partner through job creation, capital investment, and revenue generation, and because of the owner's experience in the state, at its June 18, 2015 board meeting, Southern Tier Central Regional Planning and Development Board voted to reiterate its support for the awarding of the Eastern Southern Tier Region Gaming License to Tioga Downs.

RE: Support of Tioga Downs Casino Licensure

May 14, 2015

Ms. Tinney,

Southern Tier East Regional Planning Development Board (STE), representing eight counties in the Southern Tier, fully supports the application for a Casino License to Tioga Downs through the Upstate New York Gambling and Economic Development Act.

Tioga Down's application in Nichols, NY is ideally positioned both in place and in presence as it is a central point of development in the economically struggling Southern Tier region. Its location along I-86 boasts ease of access and prominent visibility; there have been multiple private investments in the facility and the local community to position itself ready for access. Tioga Downs presence in the community is as a major employer. Through this application for an expanded casino, Tioga Downs will not only be situated to bring additional jobs to the region but also assist in expanding the local and regional tax base.

The applicant is well suited to represent the region as a model with this application for licensure. Tioga Downs is an invested community partner in all aspects of its existing operations, its support of the local economy, and its philanthropy is significant.

We look forward to supporting the growth of Tioga Downs in its application for Casino status.

Mr. Jeff Gural, Chairman & CEO,
American Racing & Entertainment - Tioga Downs
2384 W. River Rd.
Nichols, NY 13812

Dear Mr. Gural,

I was very surprised last December when Tioga Downs Racetrack, LLC, in Nichols, NY, in the very heart of the Southern Tier Region, and the Southeastern Gateway to the Finger Lakes Tourism Region, was not recommended by the Facilities Location Board (FLB) of the NYS Gaming Commission for an award of 1 of 4 Commercial Gaming Licenses to Upstate Regions.

However, on December 26th, 2014, Governor Cuomo wrote to the FLB asking them to reconsider recommending the 4th and final license to a casino entity in Zone 2, Region 5, named The Southern Tier.

I now write in support of your efforts to attain the award of that final license.

Tioga Downs has been a "going concern" since 2006, a key Harness Racetrack with Video Terminal Lottery machines, helping to keep alive that great sport as well as the Horse Breeding Industry in New York State. Tioga Downs, along with its sister track Vernon Downs, has been responsible for American Racing & Entertainment generating over \$300 million in tax revenues for State Aid to Education.

Your community is united in support of Tioga Downs receiving a full gaming license. The Tioga Downs casino floor expansion, to accommodate table games and Class III slot machines, will be completed in 180 days after the Gaming Commission says "yes". That is faster to market by more than 2 years than what any other entity could possibly achieve. A new Hotel, an Amenities Building with conference room capacities, roof top terraces and restaurants, a new golf course club house, and other "Destination Resort" features, will enhance the Southern Tier Tourism Industry while creating 1,000 new permanent jobs, and hundreds of Construction jobs, while retaining hundreds of current Tioga Downs current Gaming and Racing jobs.

The proposed \$132 million "shovel ready" expansion project builds upon the \$63 million investment made by Tioga Downs since 2006, for a combined total investment of \$195 million.

All of this construction will be under a Project Labor Agreement with the local Building Trades Association Member Unions... and Tioga Downs is also planning on paying its employees a minimum wage of \$10.10 per hour.

As the Board of Education and Superintendent of Tioga Central School District, we strongly support the award of the 4th and final Commercial Gaming License to Tioga Downs, to be in the best interest of State Aid to Education, the Statewide Horse Breeding Industry, Regional Tourism, the beleaguered Southern Tier Economy and New York State in general.

Please include this Letter of Support with your updated application for license to the Gaming Commission.

Sincerely,

Scot E. Taylor

Ms. LeAnn Tinney
Director of Economic Development and Planning
Tioga County

Dear Ms. Tinney,

I will like to reiterate my continuous support for Tioga Downs receiving a Casino's gaming license.

I give my support to Tioga Downs in regards to receiving a Casino's gaming license. As the Real Property Director for Tioga County and a new resident to the community I can realize the great benefit and growth that it would bring to this area. Tioga County has a lot to offer and it is very centrally located and within 1 hour drive you have covered the heart of the Finger Lake and Central New York region.

Tioga County has suffered enough and has come back stronger after 3 major floods. The local community supports the local businesses and if one falls on hard times they invest in it so it succeeds. A good example is the Tioga Theater on Main Street in the Village of Owego. It is vital that New York State be fair in supporting our area.

Currently Tioga County has limited opportunities for economic growth and job creation. It is vital that Albany considers this when making their decision. The gaming license will allow more opportunities for economic growth to come to our area in ways of job creation and development.

Sincerely yours,

Terie Huseby, CCD

Dear Tom:

Dear Ms. Tinney:

The Tioga United Way would like to express its support for the expansion of the Tioga Downs casino in Nichols NY.

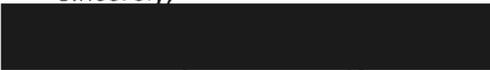

Tioga Downs has already made significant investment in Tioga County, and should be allowed and encouraged to continue that investment in support of our economic development efforts.

On a very personal level, Tioga Downs is the second largest donor to our United Way campaign, and Jeff Gural is our largest personal donor. This has a large impact on the funding of our 32 Partner Agencies. It is just not the United Way that benefits. Tioga Downs was instrumental in providing assistance to the community during the 2011 flood that impacted every township in Tioga County, and they continue to support a variety of community projects, not to mention a source of employment.

We need this economic engine, and we need it to grow into a full casino.

Thank you very much for your consideration.

Sincerely,

Brian J. Eldridge,
Executive Director

Dear Ms. Tinney:

This letter supports the expansion of casino gaming at Tioga Downs in Nichols NY. The award of the one available casino license in the Eastern Southern Tier area would be well deserved and essential to the continued valuable economics and tourism development in Tioga County.

Tioga Downs has made a significant private investment converting a long-time, vacant horse track into a fabulous tourism destination. In addition in anticipation of the passage of the Upstate New York Gaming and Economics Development Act, preparation for the expansion of the current faculty into a full casino are readied for immediate implementation.

The impact the annual revenue to our local schools and municipalities generated by the expansion of Tioga Downs into a gaming faculty will bolster the economy. In 2001, Tioga County was devastated by flooding. The losses the community and businesses endured were staggering. This expansion will secure and foster growth of our local and regional businesses.

Tioga Downs has been a first rate community partner and we encourage the selection committee to approve their submission.

I am writing to express my continued support for Tioga Downs Racino located in Nichols, New York in the Southern Tier.

Since being constructed, Tioga Downs Racino has become one of the pillars of not just Tioga County, but the Southern Tier as well. They have worked well with all existing government agencies as they have grown over the past few years. When they state they will do something, they do it. Being already operational, they have less of a burden meeting the requirement for the anticipated license.

Tioga Downs Racino has become one of the most socially responsible companies in the region. They have assisted those affected by the 2011 flood. They consistently make contributions to local advocacy agencies and organizations.

Tioga Downs Racino has ample experience having other facilities located within New York State as well as outside of New York. They are centrally located in the Southern Tier region and are able to draw from the Northern Tier of Pennsylvania.

Tioga Downs Racino is a benefit to local governments. All municipalities receive sales tax dollars. For Towns it was one of the few revenue sources available. Any increase in sales tax collection is beneficial for all tax payers across the State.

Please take the above statements into consideration when making the final decision in awarding the Southern Tier license. This project benefits not only Tioga County but the Southern Tier and New York State as well. Thank you for your time and consideration.

Dear Sir/Madam:

On behalf of myself and my husband, Albert Crawford, I would like to say a few words on behalf of Tioga Downs as not only a major NYS Breeding facility but also as race enthusiasts. We have worked closely with Mr. Gural and his staff for several years now and throughout that time our experience is that his passion for this sport has made the tracks we race at some of the more premium harness tracks. Tioga Downs a premier racing and gaming facility with a restaurant we look forward to going to when our horses are in.

We are partners with Mr. Gural and heavily support the Meadowlands and other track ventures at all of his tracks including Tioga and Vernon Downs. Mr. Gural is very important to our sport and his vision important to all owners, trainers, drivers and everyone else involved in the industry. Without the 3 Gural owned tracks, Tioga Downs, Meadowlands and Vernon Downs our racing in the state of NY would be severely impacted.

We are appreciative every day of what Jeff brings to our sport and in the Gaming and Casino aspect of it.

Dear Mr. Gural:

I was very surprised last December when the Facilities Location Board (FLB) of the NYS Gaming Commission chose to award only 3 of the 4 available commercial Gaming Licenses. The original intent of awarding the Commercial Gaming Licenses was to bring jobs and economic development to distressed areas of Upstate New York. The Southern Tier Region, where Tioga Downs Racetrack, LLC, in Nichols, NY is located, is an area in great need of this investment and the region was left off the list of areas with Licensees.

However, on December 26th, 2014, Governor Cuomo wrote to the FLB asking them to reconsider recommending the 4th and final license to a casino entity in Zone 2, Region 5, named The Southern Tier.

I now write in support of your efforts to attain an additional award of the Southern Tier Region.

The Southern Tier has struggled economically for a number of years. The inclusion of a 2nd casino venue in this region would be a welcome addition and economic boost. The Southern Tier needs a real job creator that can spur economic growth, thereby providing financial support for an area that has become economically depressed. Another casino in Southern Tier would have the domino effect of creating new restaurants, new jobs, entertainment venues, and even new industrial growth.

Tioga Downs has a competitive, "shovel ready" application, with the united support of its local community. Tioga Downs has been instrumental to keeping alive that great sport of Horse Racing alive and well in New York State and would be in a better position to do so if awarded the final casino license.

As a member of the Rules Committee and a twenty-year veteran of the Assembly, I strongly support the award of the 4th and final Commercial Gaming License to Tioga Downs, to be in the best interest of State Aid to Education, the Statewide Horse Breeding Industry, Regional Tourism, the beleaguered Southern Tier Economy and New York State in general.

Dear Mr. Gural,

I was very surprised last December when Tioga Downs Racetrack, LLC, in Nichols, NY, in the very heart of the Southern Tier Region, and the Southeastern Gateway to the Finger Lakes Tourism Region, was not recommended by the Facilities Location Board (FLB) of the NYS Gaming Commission for an award of 1 of 4 Commercial Gaming Licenses to Upstate Regions.

However, on December 26th, 2014, Governor Cuomo wrote to the FLB asking them to reconsider recommending the 4th and final license to a casino entity in Zone 2, Region 5, named The Southern Tier.

I now write in support of your efforts to attain the award of that final license.

Tioga Downs has been a "going concern" since 2006, a key Harness Racetrack with Video Terminal Lottery machines, helping to keep alive that great sport as well as the Horse Breeding Industry in New York State. Tioga Downs, along with its sister track Vernon Downs, has been responsible for American Racing & Entertainment generating over \$300 million in tax revenues for State Aid to Education.

Your community is united in support of Tioga Downs receiving a full gaming license. The Tioga Downs casino floor expansion, to accommodate table games and Class III slot machines, will be completed in 180 days after the Gaming Commission says "yes". That is faster to market by more than 2 years than what any other entity could possibly achieve. A new Hotel, an Amenities Building with conference room capacities, roof top terraces and restaurants, a new golf course club house, and other "Destination Resort" features, will enhance the Southern Tier Tourism Industry while creating 1,000 new permanent jobs, and hundreds of Construction jobs, while retaining hundreds of current Tioga Downs current Gaming and Racing jobs.

The proposed \$132 million "shovel ready" expansion project builds upon the \$63 million investment made by Tioga Downs since 2006, for a combined total investment of \$195 million.

All of this construction will be under a Project Labor Agreement with the local Building Trades Association Member Unions... and Tioga Downs is also planning on paying its employees a minimum wage of \$10.10 per hour.

As a Member of the Senate Standing Committee on Racing I strongly support the award of the 4th and final Commercial Gaming License to Tioga Downs, to be in the best interest of State Aid to Education, the Statewide Horse Breeding Industry, Regional Tourism, the beleaguered Southern Tier Economy and New York State in general.

Please include this Letter of Support with your updated application for license to the Gaming Commission.

Mr. Jeffrey Gural
Chairman and Chief Executive Officer
American Racing and Entertainment – Tioga Downs
2384 West River Road, P.O. Box 509
Nichols, New York 13812

Dear Mr. Gural:

Please allow me to reiterate my strong and unwavering support for American Racing and Entertainment's application to expand Tioga Downs into a full-fledged casino resort in the heart of our Southern Tier.

I was surprised and disappointed last year when Tioga Downs was omitted by the Facilities Location Board of the New York State Racing and Wagering Commission in their site selection process. Our fellow citizens in the Southern Tier have long been struggling economically, and the timing of the decision to ban hydraulic fracturing throughout the region further limited their opportunities for growth.

The Southern Tier was also devastated by two major floods within the past decade. In 2006 and 2011 flooding devastated people's homes, businesses, and infrastructure. Tioga Downs responded by donating hundreds of thousands of dollars to the Red Cross and the United Way to aid their more vulnerable neighbors. For this and for countless other efforts, Tioga Downs and is held in very high esteem by community members today.

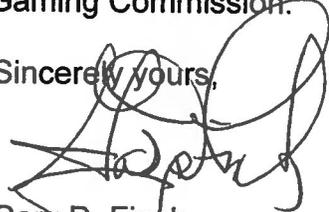

On December 26, 2014, Governor Cuomo wrote to the Facilities Location Board and asked them reconsider recommending the fourth and final casino license to the Southern Tier.

The reasons for selecting American Racing and Entertainment – Tioga Downs are clear:

- Tioga Downs, a key harness racetrack with video terminal lottery machines, has helped keep alive the great sport of Harness Racing in New York State, and contributed significantly to the New York State Horse Breeding Industry. Along with sister track Vernon Downs, Tioga Downs has generated over \$300 million in tax revenues for State Aid to Education.
- One million dollars has been donated to various charities and nonprofit organizations throughout the region.
- Tioga Downs hires union contractors and pays prevailing wages.
- The community supports Tioga Downs receiving a full gaming license.
- The Tioga Downs casino floor expansion, to accommodate table games and Class III slot machines, projects to be completed in 180 days upon a "yes" from the New York State Gaming Commission. This is faster than any other entity is able to achieve.
- Combined with a new hotel, an amenities building with conference room capacities, roof top terraces and restaurants, a new golf course club house and other "destination resort" features, one thousand new, permanent jobs and hundreds of construction jobs, will be created. Hundreds of current Tioga Downs Gaming and Racing jobs will be also be retained.
- The proposed \$132 million "shovel ready" expansion project builds upon the \$63 million investment made by Tioga Downs since 2006, for a combined total investment of \$195 million.

As the current Assistant Minority Leader of the New York State Assembly, who has in the past represented Tioga County and continues to represent portions of the Southern Tier, I strongly reiterate my support for the award of the Fourth and Final Commercial Gaming License to Tioga Downs, to be in the best interest of State Education, the Statewide Horse Breeding Industry, Regional Tourism, the Beleaguered Southern Tier Economy, and New York State as a whole. Please include this letter, along with any past correspondence you may deem relevant, with your updated application for license to the Gaming Commission.

Sincerely yours,

Dear Mr. Gural,

I was surprised last December when the Facilities Location Board (FLB) of the New York State Gaming Commission decided to award one of the four Commercial Gaming Licenses devoted to Upstate regions to the Lago Resort & Casino in Tyre, NY (a Finger Lakes community) as a part of the Southern Tier Region. I was equally as shocked by the FLB's decision to only grant three of those four licenses, further damaging the prospects of the Southern Tier (and Tioga Downs) to take advantage of any potential economic benefit the casino might have.

I was encouraged, however, by the December 26, 2014 announcement by Governor Cuomo, asking the FLB to reopen the bidding process so as to grant the fourth and final license to a casino located in the Southern Tier, also known as Zone 2, Region 5. I now write in support of your efforts to attain the award of that final license.

Tioga Downs has been a "going concern" since 2006, a key harness racetrack with video lottery terminal (VLT) machines. The racetrack has been a great promoter of harness racing as well as the horse breeding industry in New York.

Tioga Downs, along with its sister track, Vernon Downs, has been responsible for American Racing & Entertainment generating over \$300 million in state aid to education through tax revenues.

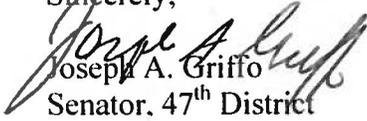

Your community is united in support of Tioga Downs receiving a full gaming license. The fact that Tioga Downs will be able to expand its casino floor, accommodate table games and install Class III slot machines in no more than 180 days from start to finish, which is faster than any other entity by more than two years, should be reason enough for the Gaming Commission to approve your application. A new hotel, an amenities building with conference room capacities, rooftop terraces and restaurants, a new club house for the golf course and other "Destination Resort" features will enhance the Southern Tier's tourism industry while generating 1,000 new permanent jobs, hundreds of construction jobs, all while retaining the hundreds of jobs that already exist at Tioga Downs.

The proposed \$132 million "shovel ready" expansion project builds upon the \$63 million investment made by Tioga Downs since 2006, for a combined total investment of \$195 million.

With Tioga Downs' proven track record of success as a key employer in the Southern Tier, and with the encouraging prospect that Tioga Downs could bolster its position as a "Destination Resort" in no more than six months, I strongly support the award of the fourth and final Commercial Gaming License to Tioga Downs. I believe that it would be in the best interest of state aid to education, the statewide horse breeding industry, regional tourism, the beleaguered Southern Tier economy and New York State in general.

Dear Mr. Gural,

I am writing in support of Tioga Downs Racetrack, LLC's application for a casino license in the Southern Tier. I was disappointed when Tioga Downs was not awarded one of four licenses by the Facilities Location Board (FLB) of the NYS Gaming Commission last December. However, after Governor Cuomo asked the FLB to reconsider a fourth license in Zone 2, Region 5 (the Southern Tier); I am hopeful it will be awarded to Tioga Downs.

Since 2006, Tioga Downs has been an important economic driver in the Southern Tier; its Harness Racetrack and Video Terminal Lottery machines have boosted tourism to our region, and in the process have helped to keep alive a great sport as well as the Horse Breeding Industry in New York State. Tioga Downs, along with its sister track Vernon Downs, has been responsible for American Racing & Entertainment generating more than \$300 million in tax revenues for State Aid to Education.

In addition to these important contributions to the Southern Tier, Tioga Downs' commitment to local products and services has caused a positive ripple-effect across the region and state. By incorporating the Farm to Table program at its bar and restaurant, Tioga Downs has helped local growers and producers remain profitable. I expect this type of local collaboration will only grow if Tioga Downs is awarded a license by the FLB. This effort compliments the Governor's Taste NY and other agricultural initiatives.

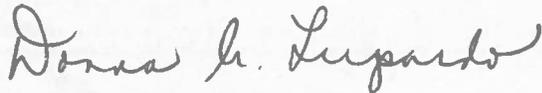

Should the FLB recommend a full-scale license for Tioga Downs, the timeframe in which the facility will be fully operational is unmatched by any other licensees. The casino floor expansion will be completed in 180 days; that is faster to market by more than 2 years than what any other entity could achieve. A new hotel, amenities building with conference room capacities, roof top terraces and restaurants, a new golf course

club house, and other "destination resort" features, will enhance the Southern Tier tourism industry while creating 1,000 new jobs and retaining hundreds more.

The proposed \$132 million "shovel ready" expansion project builds upon the \$63 million investment made by Tioga Downs since 2006, for a combined total investment of \$195 million. All of this construction will be under a Project Labor Agreement with the local Building Trades Association Member Union. Tioga Downs is also planning on paying its employees a minimum wage of \$10.10 per hour.

I strongly support a fourth and final Commercial Gaming License to Tioga Downs, to be in the best interest of State Aid to Education, the Statewide Horse Breeding Industry, Regional Tourism, the beleaguered Southern Tier Economy and New York State in general.

To Whom It May Concern:

I was surprised to learn this past December that the Tioga Downs Racetrack, LLC., in Nichols, NY was not recommended by the Facilities Location Board of the NYS Gaming Commission for an award of 1 of 4 Commercial Gaming Licenses to the Upstate Region.

On December 26th, 2014, Governor Cuomo wrote a letter urging the FLB to reconsider, recommending the racetrack for the fourth license to a casino entity in Zone 2, Region 5, named the Southern Tier.

I now write you in support of your efforts to attain the award of that final license.

The proposed \$132 million "shovel ready" expansion project builds upon the \$63 million investment made by Tioga Downs since 2006, totaling over \$190 million invested. Tioga Downs is also planning on paying its employees a minimum wage of \$10.10 per hour.

Dear Mr. Gural:

To my great surprise and disappointment last December, Tioga Downs Racetrack, LLC, in Nichols, New York was not recommended by the New York State Gaming Association's Facilitates Locations Board (FLB) to receive one of the four Commercial Gaming Licenses for Upstate.

Tioga Downs is located in the heart of the Southern Tier region and represents the southeastern gateway to the entire Finger Lakes Tourism Region – making it the perfect location for one of New York's Upstate casinos.

In the aftermath of the FLB's initial decision to award only three licenses, on December 26, 2014 Governor Cuomo wrote to the Board urging them to reconsider recommending the fourth and final license to a casino entity in Zone 2, Region 5, otherwise known as the Southern Tier.

Consequently, I am pleased to have this opportunity to express my strong and unequivocal support for your continued efforts to secure this final gaming license.

It makes perfect sense. Tioga Downs, along with its sister track Vernon Downs, has been responsible for American Racing & Entertainment generating over \$300 million in tax revenues for State Aid to Education.

In supporting the New York Gaming Economic Development Act of 2013, I have repeatedly stressed that my support was aimed at stimulating the depressed economies of New York State, including and especially the economy of the Southern Tier. It was my intention and belief that the ultimately designated casinos would help create new jobs, generate badly needed

revenue which would bolster state aid to education, and provide additional support to local governments.

It remains my firm belief that Tioga Downs Casino and Racetrack would accomplish these aforementioned goals most effectively for the Southern Tier region I represent. In addition to enjoying widespread community and regional support, Tioga Downs currently employs over 550 local workers and has already donated over \$1 million to numerous charitable and not-for-profit events and organizations throughout the region. If awarded this final, full gaming license by the FLB, the Tioga Downs casino floor expansion will be up and running in just 180 days – faster to market, **by more than two years**, than what any other entity could achieve. Your expansion plans include a new hotel, conference room capacities, roof top terraces and restaurants, a new golf course clubhouse and other “Destination Resort” attractions. The Tioga Downs \$132-million, “shovel ready” expansion proposal builds upon your \$63-million investment since 2006, resulting in a combined total investment of \$195 million.

In short, the Tioga Downs expansion projects offers enormous and exciting benefits for Southern Tier tourism and to help revive the regional economy, including the retention of hundreds of jobs, the creation of 1,000 new permanent positions at your expanded facility, and hundreds of construction jobs.

For all of the above reasons and more, I again express my unequivocal support for Tioga Downs Casino and Racetrack as the only viable facility in Region 5, the only facility capable of fully utilizing a full gaming license to provide all the aforementioned benefits to the Southern Tier region and New York State as a whole.

As the representative of a Southern Tier legislative district which has been devastated by job losses and the diminishment of other economic opportunities over the past decade, I strongly support the designation of New York State’s fourth and final Commercial Gaming License to Tioga Downs – noting in conclusion that this designation will be in the best interest of state aid to education, the statewide horse breeding industry, regional tourism and, overall, the beleaguered economy of the Southern Tier and New York State.

I hope that you will include this letter of support as part of your updated license application to the Gaming Commission. If I can be of any further assistance in this effort, I hope that you won’t hesitate to contact me.

Dear Mr. Gural:

I am contacting you today to express my strong support of your application to the Facilities Location Board of the New York State Gaming Commission for the awarding of the 4th Commercial Gaming Licenses to the Upstate Region of New York.

Tioga Downs has been a key economic partner in the Southern Tier since 2006. Your commitment to our community through creating jobs, positively impacting the local economic climate, strong partnership with our local schools and community is proof of your desire to see our region grow and become economically viable again. I would be remiss if I did not mention your incredible support and generosity to the community during the disastrous impact of Hurricane Irene in late August and Tropical Storm Lee in early September 2011.

Our Southern Tier community is united in support of Tioga Downs receiving the full gaming license. The awarding of the 4th license to Tioga Downs would create over 1000 new permanent jobs, hundreds of construction jobs, all on top of the more than 350 current jobs you have already created since 2006. Your proposed \$132 million “shovel ready” expansion project is more than double the original investment of \$63 million you have already made in our Southern Tier community since 2006. Your recent upgrades and infrastructure expansions have provided you with the ability to move forward with the new Casino and “Destination Resort” much more quickly and efficiently than anyone else. Awarding you the 4th license would be great news for our local economy and great news for the additional tax revenue generated for State Aid to Education.

As a member of the Assembly Committee on Tourism, Parks, Arts and Sports Development, as well as being the Assemblyman from the 132nd Assembly District which is less than 20 miles from Tioga Downs, I know firsthand the positive impact you have had on all facets of our local community, the Statewide Horse Breeding Industry, Regional Tourism, the Southern Tier and New York State. As such, I strongly support and wholeheartedly recommend that the New York State Gaming Commission Facilities Location Board award you the 4th and final Commercial Gaming License in Zone 2, Region 5, the Southern Tier.

Please do not hesitate to share this letter with the Gaming Commission in your updated gaming license application.

Dear Mr. Gural,

I am writing in support of granting a full gaming license to the Tioga Downs Casino and Racetrack in Nichols, New York.

While the community was devastated and surprised when Tioga Downs was not recommended by the Facilities Location Board (FLB) of the NYS Gaming Commission for a gaming license last December, I am extremely pleased that a second opportunity for a license award has opened. I am confident that you are taking complete advantage of this opening and are poised to secure the fourth and final casino license.

Tioga Downs has been a “going concern” since 2006, a key harness racetrack with video lottery terminals (VLTs), helping to keep alive the great sport of horse racing as well as the horse breeding industry in New York State. The complex helps attract tourists to our region of the state, and is a prime driver of the local economy.

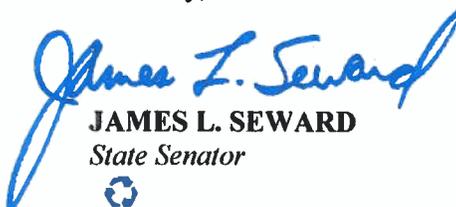

Tioga Downs, along with its sister track Vernon Downs, has also been responsible for American Racing & Entertainment generating over \$300 million in tax revenues to help support our state’s public schools. This serves as a major boost for our children’s future and true property tax relief for homeowners.

Clearly, the community is united in support of Tioga Downs receiving a full gaming license. The Tioga Downs casino expansion will be completed swiftly (in 180 days after receiving Gaming Commission approval) and will lead to the creation of 1,000 new, permanent jobs and hundreds of construction jobs. The proposed \$132 million “shovel ready” expansion project builds upon the \$63 million investment made by Tioga Downs since 2006, for a combined total investment of \$195 million.

I fully support the award of the fourth and final commercial gaming license to Tioga Downs, to be in the best interest of state aid to education, the statewide horse breeding industry, regional tourism, the struggling Southern Tier economy, and New York State in general.

Dear Mr. Gural:

I am writing to support the efforts of Tioga Downs Racetrack, LLC in Nichols, New York on being awarded the fourth and final commercial gaming license in New York's Southern Tier Region (Zone 2, Region 5) by the New York State Gaming Commission.

The New York State Gaming Commission is considering the award of a fourth and final commercial gaming license in the Southern Tier Region, and I believe that Tioga Downs Racetrack, LLC will provide the best scenario for a successful, fully-licensed gaming facility in this area. The economic impact of such a properly situated gaming resort in the Southern Tier will certainly be realized on both a regional and state-wide level through the creation of jobs, enhancement of the tourism industry, and the generation of substantial revenue for public education and taxpayer relief.

It is my understanding that Tioga Downs is currently the only entity in the Southern Tier region that has publicly announced its intention to seek this license and will be submitting an updated proposal to the New York State Gaming Commission by the July 6, 2015 deadline. I am hopeful of the Commission's favorable decision to award Tioga Downs Racetrack, LLC with the fourth and final commercial gaming license.

Thank you for the opportunity to comment on this important matter. Please feel free to include my letter of support with your updated application to the New York State Gaming Commission.

Sincerely,

Mr. Jeff Gural, Chairman & CEO

Nichols, NY 13812

Dear Mr. Gural:

I would like to express my support for Tioga Downs Racetrack, LLC in the Southern Tier to be awarded the Gaming Commission's final license to a casino entity.

I was disappointed last December when the Facilities Location Board (FLB) of the New York State Gaming Commission did not select Tioga Downs Racetrack, LLC as one of the four gaming licenses in the Upstate Region. However, with Governor Cuomo's letter to the FLB asking them to reconsider and have the fourth license awarded to a casino entity in the Zone 2 Region 5, the Southern Tier, I am optimistic Tioga Downs Racetrack will be granted the license.

Tioga Downs, a key harness racetrack with video terminal lottery machines, has been a going concern since 2006. Tioga Downs will help keep alive a great sport, as well as the horse breeding industry in New York State. Tioga Downs, along with its sister track Vernon Downs, has been responsible for American Racing & Entertainment generating over \$300 million in tax revenues for state aid to education.

The community is united in support of Tioga Downs receiving a full gaming license. The Tioga Downs casino floor expansion, to accommodate table games and Class III slot machines, will be completed in 180 days after the Gaming Commission approves the license. That is more than two years faster than what any other entity could possibly achieve. A new hotel, an amenities building with conference room capacities, roof top terraces and restaurants, a new golf course club house, and other "Destination Resort" features will enhance the Southern Tier tourism industry while creating 1,000 new permanent jobs along with retaining hundreds of current Tioga Downs' jobs.

The proposed \$132 million shovel ready expansion project builds upon the \$63 million investment made by Tioga Downs since 2006, for a combined total investment of \$195 million.

I strongly support the awarding of the fourth and final Commercial Gaming License to Tioga Downs, to be in the best interest of New York State, the horse breeding industry, regional tourism and the struggling Southern Tier economy.

Please accept my support for Tioga Downs Racetrack's updated application for license to the gaming commission.

Very Truly Yours,

Mr. Jeff Gural, Chairman & CEO,
American Racing & Entertainment - Tioga Downs
2384 W. River Rd.
Nichols, NY 13812

Dear Mr. Gural,

I am writing to express my support for awarding the fourth and final commercial gaming license to Tioga Down, LLC. I had the pleasure of writing a similar letter in the past and was very surprised to see that the Southern Tier was left out of the final round of designation. This was especially surprising given the fact that Tioga Downs is located in Nichols, New York, and is in a prime location to spur the economy of the Southern Tier.

Furthermore, Tioga Downs and its sister track Vernon Downs have proven to be very successful generating as much as \$300 million in tax revenue for State Aid to Education in recent years. The Tioga Downs expansion will accommodate table games and Class III slot machines and will be set to open one-hundred eighty days after the license is granted. This is the fastest rate for finished expansion of any of the other proposed venues.

Furthermore, the Southern Tier tourist economy will be greatly benefited by the construction of a new Hotel, an Amenities Building with conference room capacities, several buildings with roof top terraces and countless restaurants. Tioga downs will spur the engine of economic growth in the Southern Tier and is set to add over 1,000 new and permanent jobs in the service and construction industries. Again I strongly urge you to grant the final commercial gaming license to Tioga Downs for all the reasons mentioned above and many more.

Respectfully,

Tioga County's Future Deeply Rooted in Longstanding Agriculture Past

By: Wendi Brandow,
Special to The Legislative Gazette

The future of Tioga County has roots deeply embedded in its agricultural past. In fact, the county recently underwent a multi-year process updating its agricultural farmland protection plan, to determine how best to keep agriculture sustainable in the region and move it forward--and the news was good. The update identified how many different areas agriculture touches and the value that agriculture brings to the county and the region. From the equipment and supplies that farmers purchase locally to the use of local produce and crops by area eateries, they have a significant daily impact. It really made people stand up and take notice, including local officials, legislators and business leaders. It helped the entire community see agriculture as a priority going forward.

A 2012 Census of Agriculture was also conducted, showing that a market value of nearly \$37 million in agricultural products was sold by just a little over 500 farms. There are still a significant number of dairy farms in the area, so those are still key to the region's success, with milk sales accounting for \$22.3 of total agricultural sales alone--but dairy is just the beginning.

The addition of the Route 17 transition to Interstate 86 really blew things wide open, creating a significant amount of opportunities for farmers in the region. The ease of travel now through the area has

made a real difference. People have realized just how close Tioga County is to major markets like New York City, and now know that there is a good transportation corridor to get goods to other places, both by roads and rails. The interchange also welcomes travelers to Tioga County, as the first county coming up from the city where you start to see open land, like a breath of fresh air.

There is also a growing diversity in the types of people who have invested in land there, and are reaching

out to Cornell Cooperative Extension with questions about the types of endeavors that might be successful. This includes a growing interest in the number of people who are interested in developing breweries and cideries.

In addition, more than 50% of the county is forested, sparking opportunity in the agricultural area of silviculture--or the science and art of growing and tending forest crops--and the crops that can be harvested in wooded areas, including maple sap.

With a great diversity of crops, being grown on very open farmland surrounding small villages, Tioga County definitely has endless appeal. Clearly agriculture continues to be one of the main economic drivers in the region, and the public's growing interest in sustainability and where their food comes from will help to ensure future viability for the changing face of agriculture in the region well into the future.

Cornell Cooperative Extension puts knowledge to work in pursuit of economic vitality, ecological sustainability and social well-being. To contact CCE, visit tioga.cce.cornell.edu or call (607) 687-4020.

Tioga County Rises from Flood Devastation

By: Wendi Brandow,
Special to The Legislative Gazette

The floods of 2011 had a devastating impact on Tioga County, both physically and financially. And it's an impact that is still being felt. But thanks to state grant funds, including the NY Rising program, it's expected that the region will not only get back to where it was before the flood--it will go well beyond that.

To make that happen all of the municipalities in the county came together, and rather than posturing and angling against each other for their cut of the money, municipal boundaries simply disappeared. Dr. John Baust, co-chair of the NY Rising Communities committee in Broome and Tioga Counties, said, "This is not how it normally works, but the flood knows no boundaries." In fact, when one of the municipalities was unable to collect funds based on their lack of a zip code, each of the other municipalities agreed to give a portion of their funds to the municipality so they could get their share. This collaboration was recognized by the state, gaining the region additional funds.

These funds are vital to the future of the area, allowing the village of Nichols to have their levy accredited to meet federal criteria for a levy. Why is this so important? The accreditation will mean that residents and businesses alike will no longer be required to purchase flood insurance.

Nearby Tioga will use funds to level a road that is the main artery into and out of the

area. This same road did not hold up well during previous floods, causing residents to be stranded.

And Owego will use money to relocate their Department of Public Works and water works to an area above flood level.

All of these things allow people to save on insurance costs, making the villages much more attractive--a real lifesaver for the communities that were devastated by rising flood waters. The communities of Tioga and Broome Counties are close-knit communities that people want to stay in. These improvements will help people feel more secure.

Nichols also secured a NYS Main Street grant to revitalize their downtown area. A combination of nine local businesses and property owners agreed to match government funds at 25%. Their enthusiasm for the project, and the ability to make them more attractive to better serve the public, brought their actual investment in at 32%. A total of \$325,244 was invested in the main street area of Nichols.

The improvements make it possible to keep infrastructure in great shape, keep roads open and businesses on track. It also has increased the number of travelers coming through the area, heading to wineries on the wine and cheese trail. As a business owner that's key. When people see these things happening, it's very attractive, making the entire region extremely viable to new and existing businesses.

Our community IS SO very fortunate to have Tioga Downs not only as an entertainment venue, but also as a not for profit supporter via Jeff Gural. Words cannot express my gratitude for all he has contributed to the Southern Tier. Tioga Downs truly does have a positive effect on our economy. Count me ALL IN ALL DAY LONG!

Comments I was shocked when
the Southern Tier was
overlooked for a casino.
How could the gaming
commission not see the
WIN-WIN of the establishment
of a casino @ Tioga Downs?
Jobs, tourism, recreation,
support for the horse
industry (a side affect)
are all big pluses to
the approval of the casino
at Tioga Downs.

Thank You for your support.

Comments Tioga Downs have been such
huge community members. Their
support after the 2011 flood
was invaluable. They helped
more than was expected and
can't be repaid. Thank you
good luck.
