EXHIBIT 26B REQUIREMENTS

Insurer Qualifications

A licensed lottery courier service (“Licensee”), prior to operating as such in New York State, shall procure at its sole cost and expense and shall maintain in force at all times during the term of the License, policies of insurance as set forth in this Exhibit 26B. All insurance policies must be written by a Class VII company with a current rating of “A-” or better as rated by A.M. Best & Co., have a record of successful continuous operation, and are licensed, admitted, and authorized to do business in the State of New York and are approved by the Commission. The Commission may, in its sole discretion, accept policies of insurance written by a non-authorized carrier or carriers when certificates and/or other policy documents are accompanied by a completed Excess Lines Association of New York (ELANY) affidavit or other documents demonstrating the company’s strong financial rating. If, during the term of a policy, the carrier’s A.M. Best rating falls below “A-,” Class “VII,” the insurance must be replaced, on or before the renewal date of the policy, with insurance that meets the requirements above.

Required coverage and limits must be put into effect as of the effective date of the lottery courier service license (“License”) and must remain in effect throughout the term of such License, as determined by the Commission.

Insurance Requirements

As a condition of the License, Licensee shall deliver to the Commission evidence of such insurance coverage as defined below. In the event there is a claim asserted that is covered by insurance, Licensee shall deliver to the Commission upon the Commission’s request any applicable policy required by this Exhibit 26B.

Throughout the license period, Licensee shall notify the Commission of any material changes to the policy coverages or any cancellations prior to the expiration date. The carrier also shall send to the Commission notification of cancellation, termination, or failure to renew any policy in accordance with the policy provisions when practicable.

General Conditions

A. Conditions Applicable to Insurance. All policies of insurance required by the Commission as a condition of the License must meet the following requirements:

1. Coverage Types and Policy Limits. The types of insurance coverage and policy limits required from Licensee are specified in Paragraph B (Specific Coverages and Limits) below.

2. Policy Forms. Policies must be written on an **occurrence** basis, except as may be otherwise specifically provided herein, or agreed to in writing by the Commission. Under certain circumstances, the Commission may elect to accept policies written on a claims-made basis provided that, at a minimum, the policy remains in force throughout the performance of the services and for three years after the License is no longer in effect, unless otherwise specifically provided herein. If the policy is cancelled or not renewed during that time, Licensee must purchase at its sole expense Discovery Clause coverage sufficient to complete the three-year period after the License

is no longer in effect, unless specifically provided herein. Written proof of this extended reporting period must be provided to the Commission prior to the expiration or cancellation of the policy.

3. Certificates of Insurance/Notices. Licensee shall provide a Certificate or Certificates of Insurance, in a form satisfactory to the Commission, as a condition of the License.

Unless otherwise agreed, insurance policies shall be written so as to include a provision that the policy will not be canceled, materially changed, or not renewed without at least 30 days' prior written notice to the Commission.

Certificates of Insurance shall:

- a. be in the form approved by the Commission;
- b. disclose any deductible, self-insured retention, aggregate limit or any exclusion to the policy that materially changes the coverage required as a condition of the License;
- c. be signed by an authorized representative of the insurance carrier or producer; and
- d. contain the following language in the Description of Operations / Locations / Vehicles section of the Certificate or on a submitted endorsement: Additional insured protection afforded to the Commission and to New York State on a primary and non-contributory basis. A waiver of subrogation is granted in favor of the additional insureds.

4. Primary Coverage. All insurance policies, including umbrella liability and excess liability policies, shall provide that the required coverage shall apply on a primary and not on an excess or contributing basis as to any other insurance that may be available to the Commission or New York State for any claim arising as a result of Licensee's activities. Any other insurance maintained by the Commission shall be excess of and shall not contribute with Licensee's insurance regardless of the "other insurance" clause contained in the Commission's own policy of insurance.

5. Breach for Lack of Proof of Coverage. The failure to comply with the insurance qualifications and requirements at any time during the term of the License shall be considered a breach of the conditions of the License and shall allow the Commission to avail itself of all remedies available at law or in equity.

6. Notice of Cancellation or Non-Renewal. Policies shall be written so as to include the requirements for notice of cancellation or non-renewal in accordance with the New York State Insurance Law. Within five business days of receipt of any notice of cancellation or non-renewal of insurance, Licensee shall provide the Commission with a copy of any such notice received from an insurer together with proof of replacement coverage that complies with the insurance requirements of this Exhibit 26B.

7. Policy Renewal/Expiration. Upon policy renewal/expiration, evidence of renewal or replacement of coverage that complies with the insurance requirements set forth herein shall be delivered to the Commission. If, at any time during the term of the License, the coverage provisions and limits of the policies required herein do not meet the provisions and limits set forth in this Exhibit 26B, or proof

thereof is not provided to the Commission, Licensee shall cease immediately activities that otherwise would be permitted pursuant to the License. Licensee shall not resume activities permitted pursuant to the License until authorized to do so by the Commission.

8. Deadlines for Providing Insurance Documents after Renewal or Upon Request. As set forth herein, certain insurance documents must be provided to the Commission contact identified after renewal or upon request. This requirement means that Licensee shall provide the applicable insurance document to the Commission as soon as possible but in no event later than the following time periods:

- for certificates of insurance: 5 business days from request or renewal, whichever is later;
- for information on self-insurance or self-retention programs: 15 calendar days from request or renewal, whichever is later;
- for other requested documentation evidencing coverage: 15 calendar days from request or renewal, whichever is later;
- for additional insured and waiver of subrogation endorsements: 30 calendar days from request or renewal, whichever is later; and
- for notice of cancellation or non-renewal and proof of replacement coverage that complies with the requirements of this section: 5 business days from request or renewal, whichever is later.

Notwithstanding the foregoing, if Licensee shall have promptly requested the insurance documents from its broker or insurer and shall have thereafter diligently taken all steps necessary to obtain such documents from its insurer and submit them to the Commission, the Commission shall extend the time period for a reasonable period under the circumstances, but in no event shall the extension exceed 30 calendar days.

9. Self-Insured Retention/Deductibles. Additional surety/security may be required in certain circumstances. Licensee solely shall be responsible for all claim expenses and loss payments within any self-insured retention or deductible. Deductibles or self-insured retentions above \$100,000 are subject to approval from the Commission. Licensee solely shall be responsible for all claim expenses and loss payments within the deductibles or self-insured retentions. If Licensee is providing the required insurance through self-insurance, evidence of the financial capacity to support the self-insurance program along with a description of that program, including, without limitation, information regarding the use of a third-party administrator shall be provided upon request.

10. Subcontractors. Should Licensee engage a subcontractor, the Licensee shall endeavor to impose the insurance requirements of this document on the subcontractor, as applicable. Required insurance limits should be determined commensurate with the work of the subcontractor. An Additional Insured Endorsement (CG 20 38 04 13 (or the equivalent)) evidencing such coverage shall be provided to Licensee prior to the commencement of any work by a subcontractor and shall be provided to the Commission upon request. For subcontractors that are self-insured, the subcontractor shall be obligated to defend and indemnify the below-named additional insureds with respect to Commercial General Liability and Business Automobile Liability, in the same manner that the subcontractor would have been required to pursuant to this section had the subcontractor obtained such insurance policies.
